

SUBMIT RECOMMENDATIONS FOR ZONING LAW CHANGES FROM THE CHAMBER OF COMMERCE

Paul V. Forster, Esq., Addresses Communication to The Zoning Commission, Putting Into Writing Suggestions Made at First Public Hearing Held April 28th—Chamber of Commerce Favors A Zoning Law.

At the first of the public hearings held to consider the proposed zoning law for Bristol and which was held April 28th, Paul V. Forster Esq., representing the Bristol Chamber of Commerce, took exception to some of the provisions of the proposed law and also made a number of recommendations on behalf of the Chamber of Commerce. Mr. Forster was asked to submit his recommendations in writing and forward them to the zoning commission, so that they might be considered.

Complying with that request Mr. Forster has addressed the following brief to the zoning commission: Mr. J. Byron Johnson, Chairman Bristol Borough Zoning Commission

Bristol, Pennsylvania
Dear Mr. Johnson:

"The Bristol Chamber of Commerce wishes to go on record as being definitely in favor of a zoning ordinance for Bristol along the lines of the tentative draft of such an ordinance prepared and submitted by your Commission. To look forward and plan a future Bristol which shall retain all the good and desirable features of our community and at the same time provide means whereby its objectionable and undesirable conditions may gradually be eliminated, without undue hardship, is a most difficult, complex task, requiring the utmost care and study. We sincerely commend the Commission on having prepared a zoning ordinance which reflects such care and study, which embodies good zoning principles and procedure, and with which, in the main, the Chamber of Commerce is in agreement.

Since the public hearings held by the Commission are intended to give interested citizens an opportunity to express their views on various phases of the proposed ordinance, to call attention to possible inconsistencies or conditions which may have escaped the Commission's attention, and generally to suggest ways in which the ordinance may perhaps be improved, the Chamber of Commerce wishes to submit for the Commission's consideration a number of questions and suggestions. May we emphasize again that these questions are asked and suggestions made in a genuine, sincere spirit of cooperation, with the single thought and desire that they may result in a better zoning ordinance for Bristol. While the number of questions and suggestions may seem large, we wish to make it clear that this is not to be construed in any way as an indication of opposition to the proposed ordinance as a whole; as already indicated, with its major purposes and provisions we are in full accord and agreement.

To expedite your consideration of our questions and suggestions, we have listed them as far as possible in accordance with the various sections of the proposed ordinance, as follows:

Sec. 103-6. Community Garage: We believe this definition should be elaborated and clarified, so that it will more clearly indicate whether a "community garage" is for public, quasi-public, or private use. The word "community" suggests public use; but since a "public garage" is separately defined in Sec. 103-15, there is evidently an intended difference between a "community" and a "public" garage.

Has Fatal Heart Attack While Gathering Wood

LAANGHORNE, May 17—Stricken with a heart attack while gathering some wood near his home yesterday, Charles A. McKenna, 70, Hulmeville road, Langhorne R. D., died in Nazareth Hospital, Philadelphia, a short time later.

Mr. McKenna was the husband of Mary Ann Dalton McKenna. Others who survive are three daughters, Mrs. Mary E. Logue, Riverton, N. J., Mrs. Samuel Polcino, Philadelphia, Mrs. William Hegarty, Langhorne, and a son, Edward D. McKenna, Langhorne; three grandchildren, one great-grandchild, two sisters and three brothers.

Relatives and friends are invited to the Horner funeral home, here, at nine a. m., Thursday. Solemn Requiem Mass will be sung in Our Lady of Grace R. C. Church at 10 o'clock. Burial is to be made in Our Lady of Grace Cemetery. Friends may call Wednesday evening.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

Announcement was made to Chalfont Grange, last week, that the organization will be host on the occasion of the quarterly meeting of Upper Bucks Pomona Grange, No. 50, on May 21. Sessions will be held in the Grange hall, Chalfont, and dinner will be served in the chapel of New Britain Baptist Church.

During the meeting attended by about 35 it was decided to paint the interior of the Grange hall. The program was in observance of Mother's Day, and was in charge of the lecturer, Mrs. Raymond S. Detweiler. Each woman was presented a carnation. The women also responded to roll call by naming their favorite songs.

Pointing out that Holland is the thickest populated country in Europe and that its canals are crisscrossed in such a fashion that from a plane they remind one of waffles. John A. Zwaan, speaking at a meeting of the Doylestown Nature Club, last week, said: "The windmills are fast disappearing." Mr. Zwaan, who was presented by Mrs. S. B. Morehouse, and who has been in the United States two years, described its canals, dykes and "polder"—the dyked in areas. He used a large map to illustrate his talk.

Two decisions, one to again sponsor the summer concerts, and the other to meet twice a month, were made at a dinner meeting of the Doylestown Civic Club, last week.

President Robert Taylor announced that nine more members

BEAUTIFICATION OF ENTRANCES TO BOROUGH IS HOPE OF COMMITTEE

The main entrance from the west into Bristol may some day take on the aspects of a boulevard drive if present plans materialize.

At least that is the hope and aim of a special committee now working on the project in connection with the Chamber of Commerce's 1949 Clean Up Campaign.

"The immediate object of the committee," said Arthur Pilla, Sr., chairman, "is to attempt to landscape the area between Otter's creek and Mill street so that the Borough dump will be hidden from view."

Several landscape architects have already been contacted and some plans for improvement submitted. Other drawings and sketches are expected in the next several days.

Because of the scope of the contemplated program the committee feels it will probably extend over several years.

The committee presently has in mind a beautification program that will begin at the PRR underpass and extend all the way to Mill street.

"Many of the property owners along this stretch of highway have

Schlegel Funeral Will Be Held On Wednesday

MORRISVILLE, May 17 — Funeral is set for tomorrow for Henry I. Schlegel, husband of Martha Allison Schlegel, who died Saturday at his Maple avenue home. An employee for the past 24 years of Paterson Parchment Paper Co., Edgely, Mr. Schlegel was born at Massillon, O.

In addition to his wife he is survived by two daughters, Mrs. John Porter of Pompton Plains, N. J., and Miss Carolyn J. Schlegel of Morrisville; four sons, Harry J. I. Donald E. and Ralph A. of Morrisville; a brother John E. Schlegel of Port Washington, N. Y., and four grandchildren.

TO PRESENT FAIR AT AGRICULTURAL COLLEGE

National Agricultural College To Sponsor Event Next Saturday

JUDGING OF POULTRY

DOYLESTOWN, May 17 — Next Saturday, May 21, the students of the National Agricultural College will present an "agricultural fair," the first of its kind since the school's inception as a college.

Every department in the college will be represented. Animal and dairy husbandry students will be judged on their ability to fit and show dairy cattle, beef cattle and horses. Six classes of dairy cattle will be shown and judged by Joseph Canby, of Langhorne.

A class of two-year-old steers as well as two classes of horses will be led out. Horse showmanship will be judged by H. Hopkins, of Rushland.

High school that will participate in a poultry judging contest include Quakertown, Newtown, Lambertville, Slatington, Hathboro and Coopersburg. Prof. Raino Lanson and the college judging team will determine the winner and present the awards.

An egg-grading contest, to be judged by Lester Brinker, Doylestown, will be open to all NAC poultry students.

Horticultural exhibits will be on display in the college gymnasium. Educational exhibits will include landscape model plots, propagation displays, insect control and orchid growing. There will also be a food industry exhibition featuring cultures, ice cream manufacturing, food packaging and food freezing. Festivities are scheduled to start at 10 a. m. and continue all day on the college campus — open to the public.

ARRIVAL OF BABIES

The following were among the babies born in Abington Memorial Hospital, during the past week: A son to Mr. and Mrs. John F. Stover, Ivyland; a son to Mr. and Mrs. Enos R. Hunsberger, Southampton; a daughter to Mr. and Mrs. Herbert Luft, Richboro; a son to Mr. and Mrs. Andrew L. Munford, Langhorne R. D. 3; a daughter to Mr. and Mrs. John VanArtsdalen, Newtown.

TO HEAR DR. LEE

Bucks County Nurses Association members will meet on May 19th at 8:30 in the Swartzlander Building, Main and Oakland avenues, Doylestown. The topic will be "Early Ambulation," and a sound motion picture is to be shown. Speaker for the affair will be Dr. William Lee.

GERMANY'S BASIC LAW

Part II

JACOB'S VOICE: ESAU'S HANDS

The purpose of this series of articles is to compare the new German basic law, which was largely dictated by U. S. State Department thinking, with the American Constitution, which was supposedly a model for the post-war German government. It is not the purpose of these articles to indict American journalism for inadequate or inaccurate reporting.

Nevertheless, it is wholly impossible to discuss the question intelligibly without stating boldly that most newspaper accounts of the content of the German charter were grossly misleading. Only a few nationally known papers justified their prestige by publishing factual stories.

The New York Times, for example, which had a competent staff of reporters on the scene, and which printed the new basic law in full (two and a half newspaper pages), stuck to facts without attempting to gild a lily out of all recognition of its true self.

A very simple test will convince anyone that something went wrong with the news accounts as they ultimately appeared in the great bulk of American newspapers.

That test is to spread out the widely used news stories beside the account of the New York Times, and note the extreme variance between them.

That such a prominent news service as Associated Press fell down on reporting this matter accurately is regrettable. Yet it is a fact. The AP "digest" of the new basic law was probably the widest used analysis laid before the American public, and unquestionably planted a false picture of the charter deep in America's mind.

The AP's digest was riddled with the simplest and most obvious errors, easily detectable from even superficial examination of the text of the basic law itself.

Unless the management of Associated Press sees fit to go into the question of what happened to its staff, or unless Congress should figure that the U. S. State Department "pulled a fast one" by selling the AP reporters a load of propaganda, and investigate the matter—unless this question is explored from some such source, it probably will remain a secret how this outstanding news service went so wide of the mark in its reporting.

NAME POLICE CHIEF FOR FALLS TOWNSHIP

Franklin M. Kirby is Appointed To Succeed John Melvin

MELVIN NOW DEPUTY

FALLS TWP. May 17 — In order to provide police protection for residents in this section of Bucks county, a new township police officer has been chosen.

Announcement has been made that Franklin M. Kirby, of Fallsington, has been appointed Chief of Police of Falls Township.

Deputy Sheriff John Melvin, of Fallsington, said that at a meeting of the board of Falls Township Supervisors a petition, signed by scores of citizens, was presented asking for police protection.

The township supervisors, after deliberating and discussing the need, named Franklin M. Kirby to the office.

The action of the Falls Township Supervisors follows the recommendation of the Bucks County Police Association which is crusading for the establishment of police officials in the rural areas and paying them from funds received from the State which are ear-marked for police protection because the appropriations are made possible by the revenue derived from liquor licenses in the township or boroughs.

NAMED SUPPLY PASTOR

Lane Weller, son of the Rev. and Mrs. Charles Weller, Mulberry street, has been named as supply pastor at the Paxton Methodist Church, west district of the Philadelphia Conference. The appointment was made at the closing session of the annual conference at Allentown, yesterday.

A PROCLAMATION

WHEREAS: By authority of Congress, the Veterans of Foreign Wars of the United States will conduct its 28th annual Buddy Poppy sale for the purpose of bringing aid to our needy veterans, their dependents, and the straitened survivors of veterans;

AND WHEREAS: all contributions given in return for Buddy Poppies are used exclusively for the purpose intended;

AND WHEREAS: bringing aid to those who have suffered from the war that this nation might live is a most fitting tribute to those who died for us;

We, Supervisors of Bristol Township, do hereby authorize the Joseph A. Schumacher Post, No. 1597, of the Veterans of Foreign Wars of the United States and its Ladies' Auxiliary to offer for sale to the Citizens of Bristol Township, the V. F. W. Buddy Poppy as made by the disabled veterans in government hospitals. The days of sale shall be May 20th to May 30th, inclusive.

We earnestly urge each of our citizens to support this most worthy cause—to help those now in need who helped America when her need was greatest.

JOHN WEIDMAN,
HARRY ZOBEL,
FRANK HIBBS,
Supervisors.

Public School News: MAY CENTER SUMMER SCHOOL IN BRISTOL

Representatives of Neighboring Dis'ts Present For Discussion

TO ARRANGE PLANS

The possibility of using Bristol as a center of operation for a summer school for public school pupils of this and neighboring districts who need remedial work was discussed at a luncheon meeting at Bristol high school yesterday afternoon.

Representatives of the districts in attendance were enthusiastic in manifesting interest over such possibilities.

Also present at the session was Dr. Joseph Butterwick, of Temple University School of Education, Philadelphia. Others in attendance were: A. Kurtz King, Bensalem schools; Dr. Oliver Heckman, Langhorne-Middletown schools; Walter Miller, Bristol township schools; Medill Bair, Pennsbury schools; Warren P. Snyder, superintendent, and David Hertzler, high school principal, of Bristol schools; and representing Bristol school board—Mrs. William Harding, president; Paul V. Forster, secretary; and Mrs. W. H. Almond.

Representatives of all of the neighboring schools present expressed themselves in favor of such a plan, and spoke of the need for summer school for some of their

OBSERVE ANNIVERSARIES

Miss Harriet Stetson, Mrs. James Slater, Mrs. Stephen Midouhas, George Kemmerer, Mrs. Scott Wetherill, the Rev. Edward G. Yeomans and Mrs. M. D. Weagley observed their birthday anniversaries by entertaining members of the senior choir, Bristol Presbyterian Church, at a baked ham supper on Thursday evening. The affair was held in the choir room. Others attending: Mrs. Charles L. Bowen, James Slater, the Misses Jean and Pauline Stetson, Blanche Savage, Barbara Condit, Marian Schwartz, Elizabeth Thompson; Stephen Midouhas, Mrs. Howard Lovett, Howard Booz, Fred Herman, John Woolson, Charles Hornby, William Fry, Mrs. George Kemmerer.

PUPILS AT "ZOO"

Four Bristol township school buses, filled with 212 pupils from grades one to six, Edgely public school, made a trip to Philadelphia on Saturday. There were seven teachers accompanying the girls and boys. The group spent the day at the zoological gardens, and partook of picnic lunch.

HOSPITAL CASE

James Edwards, of the Becker Farms, Bensalem township, is a patient in Abington Hospital. Bucks Co. Rescue Squad ambulance was used to transport Mr. Edwards.

REMOVED TO HOSPITAL

Dominic DeRisi, Penn street, was removed to Nazareth Hospital, Philadelphia, yesterday, by Bucks Co. Rescue Squad.

Terchon Post to Award Gift to Outstanding Athlete

At a meeting of the Chester W. Terchon Post, Veterans of Foreign Wars, held in the Post home on Sunday, it was decided to present to the outstanding boy athlete and girl athlete, of the graduating class of the Bristol high school a gift each year. Starting this year, a wrist watch having a suitable inscription inscribed thereon will be given.

It was also decided to hold a marbles tournament in the near future to give a boy from Bristol a chance to compete in Harrisburg for the State V. F. W. championship.

Another marbles tournament will be held later in conjunction with Youth week.

ARRANGE PLANS FOR MEMORIAL SERVICES

3 Veterans Groups to Combine In Memorial Day Program

TIME SET IS 11 A. M.

At a meeting of the general committee of the Memorial day parade and services held in the home of the Chester W. Terchon Post, Veterans of Foreign Wars, Sunday evening, the Joseph A. Schumacher Post, V. F. W., of Croydon; the Bracken Post, American Legion; and the Chester W. Terchon Post, V. F. W., made final plans for a parade and services to be held on Monday, May 30th, at 11 a. m., at the monument in the Bristol Cemetery.

Members of the Terchon Post and other units marching with them will form at the Post home at 9 a. m. Members of the Bracken Post and other units will form at the Bracken Post home at the same time.

The parade will be led by the invited dignitaries, followed by the high school band, the Terchon Cadets color squad, the Terchon unit, then the Bracken Post Cadets, the Legion unit, followed by the Legion Senior Corps, then the Boy and Girl Scouts.

The parade will pass the Terchon Post home on Franklin street, to Wood street, to Walnut street, across the Forge Bridge to Buckley street, to Bath, to Otter, to bridge

Auction To Be Attraction Saturday; P. T. A. Benefit

An auction sale, at which a wide variety of items will be sold is scheduled by Bristol Parent-Teacher Association for Saturday next at one p. m., in Wood street school yard.

Francis O'Connell has offered his services to the P. T. A. as auctioneer.

It is announced that it will be appreciated if any individuals who have goods of any kind to donate for the sale, furniture, clothing, glassware, etc. A truck will call for goods if phone call is made to Mrs. J. S. Lynn, 5630, or Mrs. John Johnson, 2075.

"Hot dogs," soda and baked items will also be sold.

D. SHEERER IMPROVING

David M. Sheerer, Bristol township, who was injured in an automobile accident last week, is "progressively improving," according to officials at Harriman Hospital where he remains as a patient.

Steps Taken To Build Joint School Building

PLEASANT VALLEY, May 17—Initial steps were taken at a meeting of the Palisades Joint School Board to build a junior-senior high school. The joint board is made up of four districts, Bridgeton, Durham, Springfield and Tinticum townships.

County Superintendent Charles H. Boehm outlined the plans for financing the building and explained the steps necessary to take advantage of the new State Building Authority Act.

The joint board has authorized Supervising Principal Melvin G. Mack to prepare the necessary plans for State approval.

The building will be designed to include an auditorium, gymnasium, shops, home economics room, library, health and guidance rooms and a vocational agriculture building.

Mr. Boehm pointed out that school buildings are now being constructed that are large and flexible enough to meet the needs of the new curriculum development. At present 500 pupils are enrolled in grades seven to twelve in the four districts.

The joint board was organized last July to conform with the county plan of reorganization of small school districts. It was pointed out that school districts now operating joint high schools will receive additional State appropriation for the new building.

BRISTOL ATTORNEY HEADS BAR ASS'N

John P. Betz, Jr., Elected To Succeed Webster S. Achey

NAME OTHER OFFICERS

DOYLESTOWN, May 17—John P. Betz, Jr., well-known Bristol attorney, has been elected president of the Bucks County Bar Association, to succeed Webster S. Achey, of Doylestown. The election took place at the annual meeting and dinner of the Bar held at the Warrington Inn.

Attorney Betz will have associated with him the following other officers: Vice-President, C. William Freed, Sr., Quakertown; secretary, Arthur M. Eastburn, Jr., Doylestown; treasurer, William M. Power, Doylestown.

Elected directors were the four officers in addition to Lawrence A. Monroe, Langhorne; Emanuel H. Klein, Quakertown; and Samuel S. Gray, Newtown.

Plans were made for the Bucks county attorneys to attend a picnic of the Bar Association of Bucks, Montgomery, Chester and Delaware counties at the St. David's Golf Club on Friday, May 20, with the Bucks and Chester county attorneys as the hosts for the event this year.

Mrs. F. Paleafico Dies; In the U. S. 40 Years

A resident of 334 Lincoln avenue who had lived in the United States for 40 years, died early this morning after a short illness. The deceased is Mrs. Petrina Paleafico, wife of the late Frank Paleafico. Mrs. Paleafico died at the home of her daughter, Mrs. Steven Wisinski, 334 Dorrance street.

Other daughters and sons surviving are: Mrs. Frank Frascella, Trenton, N. J.; Mrs. Cosmo Avellasi, Boston, Mass.; Mrs. John Quinn, Nicholas Paleafico, Bristol. Eight grandchildren also survive.

PLEAD GUILTY CASES ARE HEARD BY COUNTY COURT

Thomas Rocco, 60, New Hope, To Pay \$150 Fine

OTHER FINES IMPOSED

Some of the Defendants Are Given Suspended Sentences

DOYLESTOWN, May 17 — A "dynamite man" in a traprock quarry near Lambertville, N. J., who testified that he had an eggnog "hangover" on Easter Sunday when he was arrested for driving while drunk in New Hope, pleaded guilty before President Judge Hiram H. Keller in Bucks County criminal court here yesterday.

He is Thomas Rocco, 60, who New Hope police arrested, after Rocco had struck another car and drove on to the home of Mrs. Sadie Peterson.

Judge Keller sentenced Rocco to pay a fine of \$150 and costs and suspended sentence on a charge of failure to stop his car at the scene of an accident. Rocco was arrested on April 17, at 9:50 in the morning (Easter Sunday).

Edward Matthews, of New Hope, a former saloon keeper, testified that he saw Rocco after the accident and that in his opinion he was not drunk. Rocco told his story through an Italian interpreter. He said that he had "a big little head the next morning" after drinking a pint of eggnog.

Fourteen years ago Rocco said he was arrested in New Jersey for driving while drunk. Character witnesses all said that Rocco was a hard worker, and that he celebrated "maybe once a year." He was arrested by Constable Miles Delaney.

A fine of \$200 and costs was imposed by Judge Keller on Barnett A. Roseff, 57, of 115 East 21st st., New York City, after he had pleaded guilty to driving while drunk on March 31 this year at Fallsington. Roseff, a lamp shade manufacturer, told Judge Keller that he had drunk a few cocktails in Trenton before going to call on a customer with whom he wanted to make a good deal.

Woman Dies Six Hours After Being Badly Burned

DOYLESTOWN, May 17—Six hours after she had been badly burned in an accident at her home, "Three Star Farm," in Doylestown township, Friday morning, Mrs. J. Audrey Jordan, 79, died in the Doylestown Emergency Hospital.

She had been rushed to the hospital in the O. P. James Memorial Ambulance after Doylestown Fire Company had been called to her home by a neighbor who summoned the fire company when she heard Mrs. Jordan's screams.

Mrs. Jordan's hands were very badly burned when firemen arrived and there were other burns that contributed to her death.

Firemen could not determine whether Mrs. Jordan was building a fire in a pot-bellied stove, or whether she was burning newspapers when the accident occurred.

Mrs. Jordan lived with her daughter and son-in-law, Mr. and Mrs. Theodore Weller.

ONE MAN'S OPINION

By Walter Kiernan

(Distributed by International News Service)

Tom Dewey toured Windsor Castle the other day but King George didn't look any more worried than Truman did when Tom visited Washington.

When they told Dewey that the castle had been in the hands of the royal family for centuries I understand he murmured "you should see our White House."

Tom also got to see a performance of MacBeth which features three witches... possibly picked up a few trade secrets.

All I know is that when the first witch asked "when shall we three meet again?" Tom said "how about Chicago in 1952?"

Meanwhile Mr. Truman is still hot for cutting the national debt but some say just give Godfrey another sponsored hour-a-week and stop worrying.

Arthur made \$453,000 last year with a four dollar ukelele and it's not our fault that Harry took piano lessons.

TRIBUTE TO AIRLIFT MEN

A "welcome home" shindig for a bunch of military men that certainly deserves it is planned by the national military establishment. It will bring back representative groups of the men who have flown, serviced and otherwise implemented the Berlin airlift for 11 months. Tentative plans call for a formal, top-level reception in Washington, followed by a road show tour of 20 other American cities.

Considering what these airmen have done to set Russian plans down with a resounding thump, a parade, or series of parades, is the least the nation can do for them. Several weeks ago, when termination of the airlift became a possibility, the department of defense began accepting suggestions and making plans to pay tribute to the men who brought about what Secretary Johnson calls "the greatest peacetime achievement of American arms."

Congress is considering legislation authorizing the award of a special medal to those who have been pushing the planes through at three minute intervals in foul weather and fair.

The cost to America and Britain has been the loss of more than a score of lives and approximately \$200,000,000 — seven-eighths of this amount supplied by the United States. The U. S. has gained immeasurably in air transport experience.

But it was the personnel, from pilots down to the lowest ranks of ground crewmen that really pulled off this amazing achievement, and these men should be made to feel that all America realizes it. After the long months of grinding emotional tension, they deserve a complete holiday from their labors. They will prize this above medals and ovals. Here's hoping they get it.

IT'S SAFER TO WORK

A man looking for absolute safety is out of luck. He cannot leave home without running the risk of a railroad, automobile or plane accident. If he stays home, he can ponder the fact that more accidents occur in the home than anywhere else. If he goes to work, he cannot ignore the knowledge that industrial accidents cost 135,000 man-years of employment last year.

But he can at least console himself by reflecting that this figure is the lowest in eight years. There were fewer than 2,000,000 disabling work injuries in 1948, the Bureau of Labor Statistics reports. The total dropped below 2,000,000 because there were no major disasters, and injury rates were lower in manufacturing, railroad and in mining.

The rate is still too high. By continuing emphasis on safety, the nation can do better than that.

Kansas is worrying about what to do with this year's wheat crop. It seems the bins and the banks are both full.

Thirty per cent of American families spend more than they earn, probably because of the bad example set by their Uncle Sam.

Germany's Basic Law

Continued from Page One

Conjecturally, it is easy to assume that one of two things happened: either the AP reporters were glibly enough to rely on State Department "hand-outs," and thereby let Uncle Sam's press-agents write their stories instead of telling the American people the truth as they found it; or these reporters had barely time to skim through the voluminous charter before writing their stories, and therefore saw only the bold but misleading generalities, without finding the limitations, restrictions, exceptions and deviations on these generalities contained elsewhere in the code.

If this latter case is the fact, then the Associated Press reporters are simply the first of what may be a long line of persons to be fooled by the neat deceptions of the document. It was written to deceive—that shines out as the most conspicuous single feature of the new German basic law.

A single point will show how far from accurate the Associated Press account actually was.

Again and again the service called the new basic law a "constitution." Now, it isn't a "constitution." The distinction is far more important than seems at first glance. It is properly and officially a "basic law."

For any reporter, on the scene, to miscall it by the word "constitution" is not only an egregious error, but badly misleading as well.

No reporter who covered the sessions of the Constituent Assembly has any possible excuse for this mistake. The Assembly debated this very point at great length, sometimes with much heat. It involves a phase of the matter which is fundamental.

A constitution is a basic law ratified by a people. There were those in the Constituent Assembly who wanted this basic law submitted to the German population. Others feared that it might fail of ratification. Therefore they undertook to prepare a code of laws which would take effect without ratification. But this they could not call a constitution—therefore they adopted the official name of "basic law."

Those who are tempted to think this a minor distinction are invited to note that the principal reason advanced for twelve delegates to the Assembly (out of 65) for voting against the basic law was that it was NOT a constitution. Moreover, not having been ratified as a Constitution by a referendum, the basic law may come to be repudiated by the German people on this same "unimportant" point.

As noted previously, the new German basic law is voluminous. At a rough estimate, it has 18,000 words—about three times as long as the entire American Constitution with all amendments.

It has 145 separate "Articles"—the original U. S. Constitution had seven. The Articles are subdivided into numerous sections or paragraphs.

The technique used by the writers of this document is that of stating a general principle or "right" in unqualified terms in a conspicuous part of the charter—and then "qualifying" the matter elsewhere, in a manner which either the location or the phraseology makes inconspicuous.

A couple of examples will illustrate this technique.

Paragraph 2 of Article 3 states boldly that: "Men and women shall have equal rights."

But thousands of words later, in Article 118, it is provided that laws which conflict with the above shall continue in force until "adjusted"—possibly until 1953.

Paragraph 3, Article 7, provides that:

"Religious instruction shall form a part of the curriculum in state schools with the exception of non-profession schools."

But scores of Articles thereafter, in Article 142, one finds the stipulation that this is not to apply to areas which had valid laws to the contrary in effect on January 1, 1949.

Now, is there any other conceivably reason assignable, except that of deception, for the creation of a separate Article invalidating part of a preceding Article, and their separation at such great distance in the document? The whole theory of the division of basic laws into "Articles" what that each topic should be comprehended under a single heading. If the purpose of the writers had been that of clarity rather than deception, would not these stipulations have been put where they so obviously belong—as subsections under the Articles which they modify?

Not all the limitations are so widely separated.

Over and again, for example, rights are stated in terms which give them the illusion of being constitutional guarantees, over and above the power of the government to destroy by mere legislation—and yet in the next breath put wholly or partly at the mercy of the government.

To take an example, largely at random, out of the parts of the document which have been widely acclaimed as extending to the German people the contents of the American Bill of Rights, consider the one dealing with Freedom of Assembly (Article 8).

"All Germans shall have the right without prior notification or permission to assemble peacefully and unarmed for open air meetings."

Up to that point, this is a restatement of the portion of the First Amendment to the U. S. Constitution (part of the Bill of Rights) dealing with this subject, which reads:

"Congress shall make no law . . . abridging . . . the right of the people peaceably to assemble, and to petition the government for redress of grievances."

To take an example, largely at random, out of the parts of the document which have been widely acclaimed as extending to the German people the contents of the American Bill of Rights, consider the one dealing with Freedom of Assembly (Article 8).

"All Germans shall have the right without prior notification or permission to assemble peacefully and unarmed for open air meetings. THIS RIGHT MAY BE RESTRICTED BY LEGISLATION OR ON A BASIS OF LAW."

Nothing could more neatly illustrate two phases of the new German code, as largely written and wholly approved by the American State Department.

First, its clever superficial resemblance to the American system of government; and

Second, the deceptive manner in which the voice offers the semblance of a guaranteed right, while the hands immediately snatch it away.

Please notice that the wisdom of this and other passages, as they apply to the present situation of the German people, is not the point under discussion.

The question is whether the thinking of the American masterminds, as reflected in this German basic law which so largely reflects their handiwork, has led them to honestly uphold the principles of Constitutional Americanism—or to merely pretend to do so while actually doing the opposite.

Here we have a typical passage from this document which pretends to recite part of the first of the Bill of Rights—yet which actually paves the way for destroying a right which Americans always considered to be fundamental, that of assembly and protest.

As food for thought, preliminary to tomorrow's article which will be devoted to freedom of speech, let's think over a fundamental question: How can free government possibly function, responsive to the people's will, unless the public is free to meet and free to discuss the doings and policies of government?

As just noted, under the German charter, the new German government is specifically given the right to restrict by legislation, or by executive interpretations of existing laws, the right of the citizens to assemble for the discussion of grievances.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Mired Program

Washington, May 17. IF it is true President Truman fooled the politicians, pollsters, newspaper editors, columnists and bettors about the result of the last election, it is also true he fooled himself quite as badly concerning the meaning of the result. If the experts missed the signs that pointed to his victory, Mr. Truman and his advisers certainly misread the significance of the returns.

PROOF of this is the exceedingly sick state in which his so-called "Fair Deal" program now finds itself after four months of Congress. Chief reason for this is Administration acceptance not only of the labor bosses' interpretation of the Truman success as a "mandate" to repeal the Taft-Hartley Act but the unwarranted Administration explanation of the mandate idea to include numerous campaign promises more or less desperately made when there seemed almost no chance of his election. That was a mistake. On this assumption a gigantic program was developed which would have been fantastic even if the Truman victory had been overwhelming and the country ripe for socialist experimentation.

THAT program bears no relation to realities and it is not surprising it has bogged down. The flattest failure is the effort to wipe off the books the Taft-Hartley law. It is perfectly clear now that this is not going to be done. Though, in addition to the full weight of the labor bosses and the full weight of the White House, Mr. Truman has used the full weight of Federal patronage; the repeal proposals are stuck. On this issue Mr. Truman and the labor lobbies, despite their belated proclamations and claims, are in retreat. On this issue the "mandate" has been exposed as particularly silly. Although left-wing columnists who speak for the CIO insist that a Truman victory is still possible and are trying to cajole the easily gullible "liberal" Republican senators, such as Lister, Morse and Alben, this is recognized as propaganda, and everybody knows the repeal fight has been lost.

FINAL result at this session will be passage of a bill modifying the existing law as proposed or agreed to by Senator Taft but retaining the chief features of the Taft-Hartley Act. Whether the name is changed or not is immaterial. The main point is that the attempt to kill the only piece of labor legislation in 16 years affording the public any protection at all and go back to the original Wagner Act under which the labor bosses wielded and abused unrestricted power, has failed. For that, the average American can be grateful. Any other result would have been degrading and devastating.

BUT other parts of the "Fair Deal" program seem just as thoroughly mired now as the labor part. For example, the new farm bill, evolved by Secretary of Agriculture Brannan, design to increase the subsidies to the farmers and decrease the price of food to the consumers by direct payments out of the Treasury. This would be pretty tough on the taxpayer and further destabilize our unstable Federal finances. Even Mr. Brannan can only guess what the cost would be. In any event the best guess is that the bill will not pass. Nor will the Truman compulsory health insurance bill; nor the extraordinary "Economic Stabilization Act of 1949." Nor the Truman tax proposals; nor the Truman proposals to expand the Social Security Act so as to take in 20,000,000 more individuals at an almost incredible cost; nor his civil-rights proposals.

ALTOGETHER, only a negligible part of the President's domestic program seems scheduled to go through this session. The situation, of course, may change but ex-

perienced observers do not now think so. As they see it, there was never a more underbaked and untimely program presented nor one more completely stalled. And this is especially remarkable when it is considered that Mr. Truman, a newly elected President with four years of his term stretching ahead, has a Democratic majority in both branches of Congress and a great many offices to fill.

THE effort to ascribe this failure to a sinister "coalition" of Republicans and Southern Democrats is strained. The word "coalition" is regularly used to explain the fact that a majority in Congress—and in the country—favors neither the subservience to the labor lobbies exhibited by the Administration nor the huge cost and drastic character of the welfare legislation proposed. Above all, what the state of the President's program shows is that there is behind it nothing resembling a popular "mandate." Talk from the Administration politicians and the labor publicists about taking "our case" to the people in 1950 is bunk. There isn't any way to arouse the people in favor of this program. They were not for it last year and they are very unlikely to be next.

Beautification of Entrances to Borough Is Hope of Committee

Continued from Page One

campaign a great many of these lots will take on an improved appearance," the chairman concluded.

The Chamber will again participate in a 1949 Youth Week program, according to the Rev. Edward G. Yeomans, assistant chairman of the program. Activities will follow the same general pattern as last year with most events scheduled to be held at the new YMCA building, Telford Epley is the general chairman of the program.

The events, which will be held Monday, Tuesday and Wednesday, June 13, 14 and 15, will include stamp exhibits, model airplane exhibits, sewing, photography, scoutcraft and handwork. The Chester W. Terchon Post, V. F. W., will supervise a marble tournament; the Bristol Rotary Club will be in charge of a roller skating contest; and the Robert W. Bracken Post, American Legion, will be in charge of the youth parade, the climax of the program.

Further inquiry into unnamed streets of the Borough will be made by a committee working in conjunction with the Bristol-Harriman Business Association and the Mill St. Businessmen's Association.

Sutton's Twombly Wins 3rd Place, Atlantic City

BRIDGEWATER, May 17 — For the 1941 Twombly which he entered in the annual parade sponsored by the Antique Automobile Club on the Atlantic City, N. J., boardwalk, Saturday, James Clark Sutton won third prize in the "best four-cylinder" class. The Twombly, said to be the only one of its kind in existence, thus adds a ribbon to its list. First prize in this class was a cup, and second and third prizes were ribbons, these being donated by the Atlantic Chamber of Commerce. Sutton drove the Twombly, to the resort and in the parade.

The ancient model, made in Sharon (this state), is a tandem type of car, with seat for one in front and seat for another in the rear. Following the route from Philadelphia to Atlantic City as outlined by the club, the Twombly covered the 86 miles on two gallons of gasoline. It made the trip in one hour and 55 minutes.

Another of Sutton's ancient cars entered in the parade was a Renault which was operated by Ernest Mauer, High avenue, Edgington. The Renault was also built in 1911. It is a seven-passenger limousine.

Here and There Bucks County Towns

have been added to the project committee to assist this committee in inaugurating the summer concerts.

At its meeting a week ago the Doylestown School Board indicated that it would again pay the music instructor's salary if the civic club would sponsor the project as a form of recreational education and entertainment for students of the Doylestown High School Band.

It was decided by the young men to hold meetings twice a month beginning with June. President Taylor said he believes meeting twice a month will stimulate more interest in the club.

Following a policy adopted by the project committee some time ago, Donald McCarty, Doylestown high school athlete, was the guest of the month. This honor will be conferred each month on an outstanding Doylestown high school athlete who maintains a satisfactory scholastic rating and is endorsed by the athletic coach and Dr. J. Edward Smith.

William A. Lehman, founder and organizer, gave a history of the Kiwanis Aero Club. A sound film on the history of naval aviation was shown.

CROYDON

Michael Winfield, infant son of Mr. and Mrs. Howard Aschenfelder, was christened on Sunday in St. Michael's R. C. Church, The Rev. Joseph Diamond conducted the ceremony. Mrs. Edward Miller, Philadelphia, and Harry Lahr, Jr., were sponsors.

Mr. and Mrs. Harry Paulsworth and daughter "Kathy," Cornwell Heights, were recent visitors of Mr. and Mrs. Hans Scheich.

Mrs. Timothy Coyne, Mrs. Earl Mohr, Mrs. Jennie Sheetz, Miss Louise Wunsch, Mrs. Francis Hafele, Miss Rosemary Hafele, Croydon; Mr. and Mrs. W. Fortnum, Walter Wojowski, Edgington, and Mrs. Mark Hardy, Cornwell, attended the wedding of Miss Veronica Cubbins and Mr. Robert Rains, which took place on Saturday in St. Bernard's R. C. Church, Mayfair.

Mr. Earl Mohr was best man and Miss Edna May Fortnum was one of the bridesmaids.

Mr. and Mrs. Fred McKinney announce the engagement of their daughter Miss Elsie May McKinney, to Mr. Magnus Kohler, son of Mrs. Anna Kohler, of Morrisville.

HULMEVILLE

A visit was paid by Mr. and Mrs. C. R. Dunlap and son Roland to Mr. and Mrs. Willis Dunlap and Thomas Aquinas R. C. Church, The Rev. Joseph Diamond conducted the ceremony.

A large number attended the public sale of household goods at the home of Mrs. Ella Wessaw, Booncamp township, on Saturday afternoon. Mrs. Wessaw plans to convert the house into two apartments.

Members of her club will be guests of Miss Adeline E. Reetz, this evening.

Saturday callers at the home of Mrs. Samuel Black were: Mrs. Harry Welsh, of Lake Placid, N. Y., and Mr. and Mrs. Harry Pitch of Tacony.

The week-end was passed by Mr. and Mrs. C. Wesley Haefer at Providence, Md., they being guests of Mr. and Mrs. William Kelley.

Submit Recommendations For Zoning Law Changes

Continued from Page One

What is the difference? If "community" is meant to imply storage for more than two motor vehicles, would the word "multiple" be more apt?

Sec. 103-9. Family: Do the words "living and cooking together," in defining a family, exclude the renting of rooms without board in a dwelling in a residential district? If so, it would seem that, while a "boarding" house is permitted, a residential "rooming" house is not permitted in such districts. We fail to see any difference between these as far as their effect upon the residential character of the neighborhood is concerned. If our interpretation is correct, we believe (a) that the renting of rooms in dwelling houses, whether with or without board, should specifically be permitted in all districts; or (b) that the definition of "family" should be changed to permit renting of rooms, with or without board, in residential districts.

Sec. 103-14. Private Garage: As this definition now reads, the owner or tenant of the premises on which the garage is located may store not more than one commercial vehicle in it, but he cannot rent that same space to a neighbor for storage of a commercial vehicle. For practical purposes, what is the difference between storage of a commercial vehicle by the owner or tenant, and identical storage by a neighbor or someone else? By the same token, if a private garage is large enough to accommodate two or more vehicles, why should the owner or tenant be limited to not more than two noncommercial vehicles in renting his garage space? While we agree that there should be a limit on the storage of commercial vehicles in residential districts, and that the limitation to one commercial vehicle per property is reasonable, we believe there should be

no distinction between use by the owner or tenant himself and use, through renting, by a person other than the owner or tenant, and that the owner or tenant shall be free to use part or all of the garage space and free to rent part or all of such space, subject only to the limitation to one commercial vehicle.

Sec. 203. Boundary Tolerances: While the right to extend the less restricted use fifty feet into the more restricted district will probably take care of the great majority of lots held in single and separate ownership where traversed by a district boundary line, so that the owner of such a lot may use his entire lot for the less restricted use, there are undoubtedly instances where this 50 foot tolerance is inadequate and will still leave an owner with a divided-use lot. One such instance is the Wetherill lumber yard at Green Lane & Farragut Avenue, part of which would be in a Commercial District and part in an R-1 Residential District. There are no doubt other, similar cases. We recommend that before the proposed ordinance is submitted for enactment by Borough Council the Zoning Commission re-examine the proposed district boundary lines and relocate them wherever necessary so that so far as possible no lot in single and separate ownership will be divided in classification even after allowance of the 50 foot boundary tolerance.

Sec. 301. Use Regulations: While the right to erect buildings for accessory use can no doubt be spelled out by reference to other sections of the proposed ordinance and by implication, we believe that in the interest of greater clarity and fuller understanding, this section should:

(a) Specifically permit erection of a private garage (and a "community garage," if of a private nature), either as part of the dwelling or as a separate structure, as well as the erection of other buildings for the accessory uses permitted in Sec. 301-10. As to location and

height of such buildings, there should be included a cross-reference to Sec. 805.

(b) Specifically permit the renting of rooms in a dwelling house, with or without board.

Sec. 301-2. Single-family semi-detached dwelling: While semi-detached dwellings no doubt make a far better appearance when built at the same time, there is the possibility that an owner may wish to use an already existing party wall of a dwelling built on the adjoining lot. We feel that where such a situation arises, the owner should be permitted to build without first having to obtain an exception from the Board of Adjustment. This should apply to all residential districts.

Sec. 302-4. Side Yards: In the interest of greater clarity, we recommend that this paragraph contain a cross-reference to Sec. 805 relating to the location of garages, etc.

Sec. 302-5. Rear Yards: Same recommendation as made with respect to Sec. 302-4.

All the foregoing recommendations are made with respect to all three residential districts.

Sec. 602-3. Area Regulations—Front Yard—Commercial Districts: We recommend that the requirement of a front yard not less than 10 feet in depth be limited to residential properties, just as Sec. 602-4, relating to Side Yards, applies to residential properties only, and that it should not be made to apply to Commercial properties.

Sec. 701. Use Regulations—Industrial Districts: Since Bristol is and for many years has been an industrial community, the great majority of its citizens depending upon local industry for their livelihoods, we respectfully urge that each use now proposed to be prohibited be

carefully reconsidered before it is finally written into the ordinance. While some industrial processes, such as distillation of bones, fat rendering, and petroleum refining are and in the foreseeable future perhaps always will be objection-

able because of odor, noise, smoke, or dust, there are many others in which the industry itself has developed adequate controls to prevent obnoxious odors, etc., and where such controls or safeguards are provided, there would seem to be no reason for excluding such an industry.

The proposed list of prohibited industrial uses contains many which we believe come within this category, and at the same time does not contain certain uses which are decidedly undesirable. To the list of prohibited uses we would add, under Par. 5, "fatty acid distillation"; and under Par. 7, "automobile dismantling, unless carried on within an enclosed building and dismantled parts are stored away from public view," this being intended to prevent what are commonly known as "automobile graveyards."

As to a number of uses now on the proposed list of prohibited industrial uses, we feel an effort should be made to be more specific. For example, the manufacture of "acid" is prohibited. To many the word "acid" means something that smells terrible, that burns the skin, that eats into clothing, etc. But there are a great many substances which are quite harmless and quite inoffensive, both in their manufacture and in their use, which are chemically classified as acids. Yet the manufacture of these would be prohibited along with the manufacture of those acids which are admittedly offensive. In this category we include, in addition to Acids, Disinfectants, Dye-stuffs, Matches, Rubber Goods, Soda and compound, Vinegar, Yeast, and the like.

Finally, there are many items which we believe should definitely be removed from the proposed list of prohibited uses. Among these are coke ovens, the manufacture of candles, emery cloth and sandpaper, printing ink, shoe blacking, soap, ore smelting, linoleum, and wool pulling or scouring. With respect to these items, controls have been devised which make their

manufacture inoffensive for all practical purposes.

Sec. 702-3. Front Yard—Industrial District: We recommend that the requirement of a front yard not less than 10 feet in depth be limited to residential properties, just as Sec. 702-4, relating to Side Yards, applies to residential properties only, and that it should not be made to apply to Industrial properties.

Art. VIII. General Regulations: Since Art. IX, dealing with Signs, is of a specific regulatory character, just as Arts. II—VII, inclusive, in comparison with Art. VIII, which by its title is of a general regulatory character, we respectfully suggest that, in the interests of better form and arrangement, Art. VIII and Art. IX, be interchanged. The regulation of signs is a more recent development in the history of zoning legislation, and as a result the sections dealing with signs usually appear in the form of amendments to zoning ordinances. We do not feel, however, that the otherwise logical and orderly arrangement of the proposed ordinance should be sacrificed for the sake of historical precedence.

Sec. 801-2. Extension: This section permits extension of a nonconforming use. Since 99% of uses are connected with or engaged in in buildings, it would seem to follow by implication that an owner has authority to extend his building up to 50%, in order to avail himself of the privilege of extending a nonconforming use. Perhaps this implication is not intended; regardless of whether it is or not, we urge that this Sec. 801-2 be re-drafted, so that it shall expressly and specifically grant authority to extend a nonconforming building up to 50%, subject to the proposed area and height regulations.

Sec. 801-4. Restoration: (a) Al-

though Sec. 801-2 permits extension of a nonconforming use up to 50% without formal approval of the Board of Adjustment, and of more than 50% if such approval is granted, the owner who has had the misfortune of having his building destroyed by fire, flood, or other catastrophe, can only rebuild to the same height, area, and volume as before. If an owner may extend a nonconforming use, and by clear implication a nonconforming building, up to 50%, without having had a fire or flood, why should he not be permitted to extend such use and building up to 50%, when rebuilding after a fire or flood?

(b) The proposed ordinance requires restoration of a nonconforming building to begin within one year from date of destruction or condemnation, otherwise the right to restore is lost. Since building construction is frequently subject to uncertainties and delays beyond an owner's control, we recommend that the one year limitation as well as the matter of continuity of the work, be made more flexible, by providing for an extension beyond one year upon application to and approval by the Board of Adjustment under proper circumstances.

Sec. 801-5. Abandonment: With respect to loss of the right to resume a nonconforming use through abandonment, we recommend (a) that the Board of Adjustment be given authority to extend the prescribed period of one year where the facts and circumstances warrant such extension; and (b) that, instead of leaving the abandonment of a nonconforming use of land to the uncertainties involved in the words "any reasonable length of time," a fixed term, such as one year, be prescribed, with the same authority in the Board of Adjust-

ment to extend that period beyond one year where the facts and circumstances warrant such extension. This will have the double virtue of making the provisions as to abandonment uniform as to both land and buildings, and of avoiding much controversy and litigation.

Sec. 205. Private Garage: Accessory Buildings: With reference to subsection (b), we fail to see why a private garage or accessory building must be separated entirely from the main building, or why it must necessarily be located at least 10 feet farther back from the front street line than the rear most wall of the main building. What of the private garage which is connected to the main building only by a breezeway? There may be a real difference of opinion as to whether such a garage could properly be considered "a structural part of the main building." Yet, if designed artistically and well, so that it blends well with the main dwelling, what real objection could there be to such a garage being built along the front line of the main dwelling?

As long as the distances from side and rear property lines and general area requirements are complied with, we believe subsection (b) may well be eliminated.

Sec. 809. Parking Space: The problem of adequate parking space in Bristol is admittedly growing more and more serious and difficult. While we agree that something should be done toward finding a satisfactory solution, we feel that the present proposals, as set forth in Sec. 809, are impracticable, and that this entire section should be carefully re-examined. It seems quite obvious that adoption of this section in its present form may result in placing property owners on one side of a street at a disadvantage over their neighbors on the

opposite side of the street, a result which no one would wish to impose if it can possibly be avoided. We believe that further study of this section will produce a somewhat more equitable arrangement.

Art. IX. Signs: As above indicated, we suggest that this article be interchanged with Art. VIII.

Sec. 901-6. Temporary Signs: This subsection now provides only for temporary signs of mechanics and artisans in residential districts. We recommend that some provision be made to permit temporary signs and displays in connection with civic or quasi-civic efforts, such as the present clean-up campaign, or financial campaigns by charities.

Sec. 902-3. We see no objection to a sign of the flashing type in Commercial Districts, and feel that this sub-section should be eliminated.

Sec. 902-4. As long as proper safety requirements are met, we see no objection to signs projecting over sidewalks in Commercial Districts, and recommend that this subsection be deleted.

Again assuring you of our desire to cooperate in every possible way with the Zoning Commission, to the end that Bristol may soon have a sound, workable, and effective zoning ordinance we remain

Respectfully yours,

These prices feature "Extras" that aren't!

If you're price-conscious these days as you shop for new cars, you've probably made a big discovery. It's important to find out *what the price includes*—particularly in the normal "spread" between list and delivered prices. Take these Buick prices given here. All of them, as the panel tells you, cover such universally wanted accessories as radio and antenna, heater and defroster, windshield washers and built-in back-up lights. These are individually itemized on your bill of sale. Not itemized, but still included in your Buick when you get it, are many things that classify as extra-cost items on many other cars. For instance, Foamtex seat cushions are an extra value on Buick SUPERS and ROADMASTERS that cost you nothing extra. You get direction signals, rear wheel shields, a flexible steering wheel, an air cleaner, an oil filter, a clock—all included in the basic list price. On all ROADMASTERS, these prices even cover Dynaflo Drive as standard equipment, not an extra-cost item. Included also, of course, are such Buick extra values as Fireball power, which you get nowhere else—all-coil springing, almost an exclusive—the widest rims in the industry—and that very special and desirable solid Buick feel. So—check the "extras" when you price today's cars. Check the "deal" too, and make sure it's as fair and aboveboard as the Buick sales policy. We're pretty sure what your conclusion will be when you see what stepped-up production is doing to deliveries. You'll decide "Buick's the buy!"—and get your order in.

"Buick's the Buy"

C. W. WINTER

248 MILL STREET BRISTOL, PA.

DELIVERED AT YOUR DOOR

INCLUDING RADIO, UNDERSEAT HEATER, DEFROSTER, WINDSHIELD WASHERS, BACK-UP LIGHTS—AND DYNAFLO DRIVE ON ROADMASTER MODELS.

SPECIAL SERIES

New SPECIALS are now under development and prices will be announced when production of this series is resumed.

SUPER SERIES

56S	2-Door Sedanet (Illustrated)	\$2333.80
51	4-Door Sedan	2432.80
56C	Convertible	2861.80
59	Estate Wagon	3461.80

ROADMASTER SERIES

Including Dynaflo Drive

76S	2-Door Sedanet	\$2885.30
71	4-Door Sedan	3004.30
76C	Convertible	3422.30

State and local taxes, if any, extra. Dynaflo Drive optional at extra cost on SUPER models. White sidewall tires optional at extra cost on all models. All prices subject to change without notice. Prices may vary slightly in adjoining communities because of transportation charges.

DEITZLER PITCHES NO-HIT GAME AND TULLYTOWN WINS

BRISTOL SOFTBALL LEAGUE

Schedule for Tonight
FRANKLIN ST. FLEETWING ESTS.
JEFFERSON and SECOND WARD
(Memorial Park field)

Claude "Tiny" Deitzler pitched a no-hit game last evening as Tullytown A. C. won its second game of the Bristol Suburban Softball League. The Tullytown team beat the Fifth Ward Sporting Club, 4-2, on Kings Farm field.

Deitzler had an easy time with the Fifth Ward batsmen as he retired the last ten batters in order. Only his wildness prevented him from scoring a no-run, no-hit game as he issued a total of six passes. His mates made three errors in the first two frames which also helped the losers to their pair of runs.

Henry "Reds" Liberatore's passes were disastrous to the Fifth Ward team as he gave up seven tickets to first. However, six of these gifts came in the third inning, the same frame in which Gee Lynch had a single to account for three of Tullytown's runs. The other marker was the result of a long triple to left by Tony Blanesino and Deitzler's fly to the outfield.

Tullytown had five safe hits in the contest.

MARSH MAKES DEBUT WITH A VICTORY

Kermit Marsh was tight in the pines last evening as the West Bristol A. C. made its debut in the Bristol Suburban League with a 5-1 triumph over the Lewis Lodge of Elks. The game was played on the Bristol Township school field.

Marsh gave the Elks five hits while his mates garnered but three off Norman Davis and Ray Pollard. But when the chips were down, Marsh was whipping his fast ball across the plate. He had nine strikeouts in six innings and fanned five batters in a row in the first and second innings.

Especially in the first was Marsh at his best. The Elks started off fast with Howard Keys getting a triple and Hardy Johnson scoring him with a single. After McCoy went down on strikes, Eljah Bragg hit a double but Kline and White also fanned.

West Bristol scored three runs without the aid of a base hit in the second and added two more in the

HUNTER-WILSON WINS POSTPONED GAME

Yesterday, the postponed softball game between Fleetwings and Hunter-Wilson was played at the Hunter-Wilson field. Fleetwings led off as Dillisa smashed a two-bagger in the first frame and Capella followed with a walk. Smith beat out an intended sacrifice and the bases were loaded. On a low pitch the catcher missed the ball and Dillisa scooted home for the only Fleetwings score.

Not to be outdone, Hunter-Wilson came back in the first inning with Barouth leading off with a sharp single. Ennis got on by means of an error and both scored on Hughes double although he was out trying to stretch it into a triple. Again in the fourth Barouth led off with a single. Ennis followed with a triple, springing Barouth, but retiring himself attempting to score.

Both teams played a splendid game but the Hunter-Wilson boys hit when it counted.

POLISH FALCONS TO OPPOSE ST. ANN'S

St. Ann's A. A. will play another home game in the Trenton Industrial League this evening as it meets the Polish Falcons on Memorial Park field. Game will begin at six o'clock.

It is most likely that either Gene Saraganes or "Hokey" Leighton will pitch for the "Saints" with Barney Ludwig behind the plate.

St. Ann's has won a game and lost a game in the Jersey circuit, beating the Michalski team and losing to Lator A. C. The "Saints" meet the Pirates tomorrow evening on Wetzel field, Trenton.

Famine occurs in some portion of India every year.

ST. ANN'S LOSES THIRD STRAIGHT GAME

St. Ann's A. A. softball team lost its third straight game of the Bristol Suburban Softball League last evening. The "Saints" were beaten by the No. 1 Fire Company team, 9-4, on Memorial Park diamond. It was the first win of the season for the fire-fighters.

The winners were out-hit by the losers, 12-9, but the firemen made their blows count. No. 1's took the lead in the second frame and kept it the remainder of the tilt, scoring three times in the second, twice in the third, and three more times in the fourth.

Brescia, who pitched for the Wood streets, was the hitting star of the tilt with a home run and single in four times. Ray Pierandozzi had two doubles for the winners, while Earl Jefferies had a single and a two-bagger.

Plead Guilty Cases Are Heard By County Court

Continued from Page One

Judge Keller sentenced Robert K. Geyer, 51, of Cedars, Montgomery county, to serve two to 23 months in the Bucks County Prison after he had pleaded guilty to a charge of driving while drunk in Bucks county. The court was informed that Geyer was arrested in 1940 in Montgomery county for drunken driving when he was sent to prison for 15 days. In 1944 he was arrested on a similar charge and fined \$150 and costs and given a year's suspended sentence.

Geyer, a farmer and cattle buyer, told Judge Keller that he had imbibed in four whiskies at the "White Horse Tavern."

Judge Keller remarked, "this case is aggravated," after hearing the testimony. Three character witnesses were called in behalf of Geyer.

Walter Taner, 19, of Newtown, a farmer, pleaded guilty before Judge Keller to driving while drunk in Yardley, on April 9 at 1 o'clock in the morning.

Judge Keller voiced a warning to be passed along to the owner of a Richboro hotel where Taner said he had purchased liquor, although he is only 19. Taner told the court that he was celebrating his birthday.

approach, where the Schumacher Post of Croydon will join. The veteran units will then mass and proceed to the monument for services. Jacob C. Schmidt, Jr., will preside, and Rabbi Moskovitz, of the Bristol Synagogue, will open the services with invocation. Americo Cortese, assistant district attorney of Philadelphia, will be the principal speaker. A selection will be played by the Bracken Post Cadet Corps. This will be followed by introduction of the Commanders and presidents of the veterans posts and their auxiliaries, Gold Star Mothers and War Mothers. The Rev. Foley, St. Mark's Church, will offer prayer. This will be followed by the ritualistic work of the two V. F. W. Posts, Terchon and Schumacher. Benediction will follow by Rev. Vernon Murray, Methodist Minister of the Croydon Methodist Church. This will be followed by a salute to the dead. Services will be ended with taps.

The parade will return to the two local post homes where receptions will be held for all those participating. Sometime during the services poppies will be dropped from a low-flying plane over the graves. Each Thursday evening the firing squad of the three veteran units will practice at the Schumacher Post in Croydon.

The next meeting of the committee will be held in the Schumacher Post home, Croydon, Sunday evening, at 7:30 o'clock.

MELBOURNE. — (INS) — A severe winter is forecast for the land "down under," where the cold

trooper Harris, of the Doylestown sub-station of State Police, testified that he noticed Wenner driving his car along Route 292 in a zig-zag fashion. The case of Commonwealth against William Strimple, of Cornwells Heights, was continued by Judge Keller until the county can more thoroughly investigate. Strimple was charged by his wife, Shirley, with assault and battery alleged to have been committed on April 22, this year. The defendant, a hosiery knitter, told Judge Keller that a daughter of a previous marriage of Mrs. Strimple, was the cause of all the arguments and disagreements in the Cornwells Heights household.

A fine of \$150 and costs was imposed on Henry R. Wilde, of Bristol RD, who pleaded guilty before Judge Keller to failure to stop at the scene of an accident near Tullytown. A prison sentence of 6 to 23 months was suspended on condition that Wilde pay all damages in conjunction with the automobile accident, within six months.

Charged with larceny and receiving stolen goods in connection with the theft of some gasoline from the Pennsylvania Railroad yards at Morrisville, Earnest Williams, Negro, of 157 Lambertson st., Trenton, pleaded guilty yesterday before Judge Keller.

Sentence was suspended on condition that Williams pay the costs. The court placed the defendant on probation. The theft, a railroad detective testified, occurred on April 14, and involved Harvard Redding, another colored man, who actually stole the gasoline, and who will be in court next week. Williams hauled the gasoline for Redding.

Judge Calvin S. Boyer yesterday sentenced Robert Poma, of Kulps Corner to serve three months to one year in the Bucks County Prison after Poma had pleaded guilty to driving while drunk in Silverdale. John J. Wanderer pleaded guilty to driving while drunk and was fined by Judge Keller \$150 and costs.

As described in said complaint; that the said The Church Foundation accepted the said church premises by virtue of a deed from the County Commissioners of Bucks County dated April 19, 1947, and recorded in the Office of the Recorder of Deeds at Doylestown, Pennsylvania, in Deed Book No. 429, page 10, as follows:

All those two certain lots or pieces of land, situate in the Township of Bucks County, Delaware County, and being the same premises as are more particularly described in a certain deed of conveyance from Nathan C. Lane and Eva M. Lane, his wife, dated May 23, 1945, and recorded in the Office of the Recorder of Deeds at Doylestown, Pennsylvania, in Deed Book No. 429, page 10, as follows:

All those two certain lots or pieces of land, situate in the Township of Bucks County, Delaware County, and being the same premises as are more particularly described in a certain deed of conveyance from Nathan C. Lane and Eva M. Lane, his wife, dated May 23, 1945, and recorded in the Office of the Recorder of Deeds at Doylestown, Pennsylvania, in Deed Book No. 429, page 10, as follows:

You are hereby required to plead to the said complaint within twenty days from the publication hereof, and in default of pleading thereto, the court may decree that you be forever barred from asserting any right, title or interest in the above said premises inconsistent with the interest of the public and as above set forth. All of which take due notice.

Seven Charter Members Are Present at Rebekah Banquet

Assembling in Bristol Methodist Church social hall Saturday evening for the annual banquet of Lily Rebekah Lodge, No. 366, approximately 60 members and guests partook of a delicious menu consisting of: fruit cup, turkey, mashed potatoes, string beans, cole slaw, candied sweet potatoes, celery, olives, radishes, rolls, coffee, ice-cream and cookies.

Mrs. Howard Fennimore served as mistress of ceremonies the occasion marking the 20th anniversary of instituting of the lodge. She was the first noble grand serving when the lodge was instituted April 13, 1929 with 37 charter members. Seven of these were present Saturday evening namely: Mrs. Fennimore, Mrs. Howard Mitchell, Mrs. Fred Gould, Mrs. Robert Robinson, Mrs. Wilmer Dyer, Mrs. Mary Heaton and Mrs. Walter Rittler. The affair was in charge of Mrs. Fennimore and her committee.

The tables were decorated with cut flowers, pink candles, and favors of potted ivy. Welcome by Mrs. Fennimore was followed by the group singing "God Bless America" accompanied at the piano by Mrs. Walter Strouse. The invocation was by the lodge chaplain, Mrs. Jennie Dietrick.

During dinner Miss Delores Bickel favored with several accordeon selections. Remarks were made by the following: district deputy president, eastern district of Bucks County Odd Fellow lodges, Milton Miller, Sr.; noble grand of Hopkins lodge, I. O. O. F., Milton Miller, Jr.; vice-grand of Hopkins lodge, William Warner, Jr.; vice-grand of Lily lodge, Mrs. M. Bakelaar; representative to the orphanage and member of its board of directors, Mrs. Mary Heaton; representative to Rebekah Home, Mrs. Howard Mitchell; district deputy president of Bucks County Rebekah lodges, Mrs. Raymond Robinson; past district deputy presidents, Mrs. Robert Robinson and Mrs. Charles Brodie. Each were presented with a gift and a gift was also given to Marjorie Bakelaar and Miss Mabel Bickel. A bouquet of flowers and another gift were presented to Mrs. Fennimore. Entertainment was furnished by the Coyne Revue, of Croydon.

PLAYER ROSTERS, SUBURBAN LEAGUE, GIVEN APPROVAL

The player rosters of the six teams of the Bristol Suburban League have been approved by the officials of the league. The circuit opened its season on Monday evening and will play again Thursday evening with games scheduled on the Third Ward field, at Pennel, and Memorial Park field.

The rosters are:
Hibernians—Joseph Dolan, manager; James Muth, Thomas Breslin, Al Tazik, Maurice McCurry, Joe Cahill, Jack Walker, Norman Hetherington, Joe McDevitt, Tom Stewart, Steve Stevenson, John McDonnell, Johnny Rodgers, Joe Dolan, Robert Neal, William Morris, Walter Houser, Jesse Vanzant, Francis Dennis.

Clinton J. Lewis Lodge of Elks—Walt Keys, manager; J. Hicks, C. Kline, E. Bragg, J. McCullen, E. Davis, H. Keys, H. Johnson, R. Schonyers, W. Ringgold, E. Bell, M. McCoy, G. White, J. Williams, N. Davis, B. Pollard, H. Leighton, W. Keys, B. Stone, J. Donovan.

Voltz-Texaco—Barney Ludwig, manager; Alex Dewsnap, David Morrell, Saverio Pappaterra, Earl Cross, H. A. VanLenten, Jack Sackville, Horace Saxton, Charles Kohler, David Ludwig, Fred Barbetta, Leonard Jones, Albert Barbetta, Anthony Palumbo, Bill Coates, William Stockton, Ed Capriotti, Joseph Sagolla, Lloyd Ludwig.

West Bristol A. C.—James Ellis, manager; Charles Glassmire, Kermit Marsh, Floyd Gantt, Charles Haines, A. H. Stiles, David Weakley, Michael Rice, Leonard Dugan, Harry Rhodes, Albert Foster, Harry Saul, Jimmie Muth, Kenneth Heath, Robert Gantt, John Ritter, Bill Hanes, Norman Vetter, Bill Cochran, Paul Killian.

Flannery's Eagles of Pennel—Howard Black, manager; Richard Lukens, Dan Fleming, James Egli, Clinton Pursell, Robert Griffin, Joseph Schreiber, Harry Ferrell, Charles Martindell, David Maceas, Walter Hofmann, Thomas Pursell, Chester Watson, Frank Pursell, Paul Roby, Dale Miller, Joe Lukens, Frank Mongillo, Vic Rockhill, William Flzano, and Howard Black.

Edgely A. C.—Arthur Kramers, manager; Theodore Adams, Frank Elker, William Dunkelberger, Gordon Fahey, Ralph Linck, Tony Mama, Robert Elker, Arthur Kramers, Joe Elmer, Karl Leinheiser, Albert Doster, Joseph King, Gene Fanini, George Polyak.

FLANNERY EAGLES, PENNDEL, WIN FIRST GAME

The Flannery Eagles of Pennel won their inaugural game of the Bristol Suburban League by white washing the Hibernians, 7-0, on the Third Ward field, last evening.

JUNIOR HIGH RACE TIGHTENS CONSIDERABLY

The Lower Bucks County Junior High League was tightened considerably as the result of the games played yesterday.

Southampton, the league leader, was beaten by Bristol Township by the one-sided score of 9-1. Bristol Township and Bristol are now but one-half game away from the league pace-setters. It was Southampton's first defeat.

In the game played at Southampton, Bob Ashby held the Southies to five hits and had thirteen strikeouts to his credit. Ashby had the situation well in hand from the start to finish.

Joe Muth led the Township batters with a triple and pair of singles. His triple in the initial frame scored Reers. Joe Shade, who had two of the winners' 11 hits, drove in four runs.

Bristol defeated Langhorne, 8-6, on Memorial Park field. Coach Ben Watson's team had to come from behind to snatch this fray.

Langhorne had a 4-0 lead at one stage of the tilt and later was in front, 6-3. But the Junior Warriors kept pecking at the lead and the climax came when the localites scored four times in the sixth inning.

The Junior Redskins blew up entirely in this session. Bobby Lord started the ball rolling with a single. He stole second. Stevens got a break when Lex fumbled his grounder. Stevens stole second. Seifert beat out a hit to short Stevens was declared out for interference and Lord had to go back to third.

Seifert stole second. John Corrigan hit to Moyer who threw to first but Cloak let the ball get away and two runners scored. George Ireland struck out but Bergner missed the third strike and Ireland reached first. Gillies grounded out, Corrigan scoring. Lucenti hit to Knesley, who misjudged. Ireland scoring. Brady ended the inning by flying out.

Bensalem Junior High made its league record, 3 and 2, by whipping the Pennsbury contingent, 7-2. Jack Weaver hurled for the Junior Owls with W. Bray and Powell doing the hurling for the losers. Pennsbury outlived the winners, 5-4, with Powell getting a triple with one on in the third.

PALMYRA HIGH DEFEATS BRISTOL SECOND TIME

PALMYRA, N. J., May 17—Palmyra High defeated Bristol High, 4-3, yesterday, for the second time this season. The Jersey school scored the winning run with two out in the ninth inning.

Going into the bottom half of the final session, the score was deadlocked at 3-3. Frallore hit to Braam who fumbled. The runner stole second. Kraus lifted a fly to second. Little struck out. Thorn was walked. O'Neill hit to Braam, who again misjudged, enabling the winning run to go over the plate.

"Jimmy" Morrell pitched the nine innings for the Warriors. He allowed seven hits but was hurt by the errors of his mates. All four errors charged against Bristol aided the Jerseyites to chalk up their runs. In the sixth, a walk and a pair of singles gave the ultimate winners two runs.

Palmyra used two moundsmen. Lassiter started but went out when Bristol threatened in the seventh. He was relieved by Little who finished in fine style.

Bristol's first two markers were made on an error, hits by Frank Rich and Joe Dominick, and a hit batsman. The third and final tally was the result of Morrell getting on via an error, a walk, and sacrifices by Baselo and Frank Barbetta.

VOLTZ WINS FIRST GAME OF SEASON; DEFEATS EDGELY

Voltz-Texaco won its opening game of the Bristol Suburban Baseball League, last evening, beating the Edgely A. C., 7-3, on Memorial Park field. The gasmen won despite the fact they were out-hit by the Edgely team, 7-5.

Two of the winners' five hits were a double from the bat of Fred Barbetta and triple by Tony Palumbo. Both of these extra base knocks came in the second canto and mixed with two walks accounted for four runs.

The winning peakman was "Lenny" Jones who, with the exception of the second frame, had the situation well in hand from the start. In the second, three errors, a walk, and

hits by Ralph Linck and Bob Elker, gave Edgely all their runs. Jones had eight strikeouts in the six innings he pitched and ended the game by whiffing Karl Leinheiser after Ben King and Ted Adams had smacked him for singles.

Palumbo, Charlie Kohler and Bob Elker had two hits each during the tilt.

Lineups:
Voltz-Texaco ab r h o

SUBMIT RECOMMENDATIONS FOR ZONING LAW CHANGES FROM THE CHAMBER OF COMMERCE

Paul V. Forster, Esq., Addresses Communication to The Zoning Commission, Putting Into Writing Suggestions Made at First Public Hearing Held April 28th—Chamber of Commerce Favors A Zoning Law.

At the first of the public hearings held to consider the proposed zoning law for Bristol and which was held April 28th, Paul V. Forster Esq., representing the Bristol Chamber of Commerce, took exception to some of the provisions of the proposed law and also made a number of recommendations on behalf of the Chamber of Commerce.

Has Fatal Heart Attack While Gathering Wood

LAANGHORNE, May 17—Stricken with a heart attack while gathering some wood near his home yesterday, Charles A. McKenna, 70, Hulmeville road, Langhorne R. D., died in Nazareth Hospital, Philadelphia, a short time later.

Mr. McKenna was the husband of Mary Ann Dalton McKenna. Others who survive are three daughters, Mrs. Mary E. Logue, Riverton, N. J.; Mrs. Samuel Polcino, Philadelphia; Mrs. William Hegarty, Langhorne, and a son, Edward D. McKenna, Langhorne; three grandchildren, one great-grandchild, two sisters and three brothers.

Relatives and friends are invited to the funeral home, here, at nine a. m., Thursday. Solemn Requiem Mass will be sung in Our Lady of Grace R. C. Church at 10 o'clock. Burial is to be made in Our Lady of Grace Cemetery. Friends may call Wednesday evening.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All in The Various Communities

GLEANED BY SCRIBES

Announcement was made to Chalfont Grange, last week, that the organization will be host on the occasion of the quarterly meeting of Upper Bucks Pomona Grange, No. 59, on May 21. Sessions will be held in the Grange hall, Chalfont, and dinner will be served in the chapel of New Britain Baptist Church.

During the meeting attended by about 35 it was decided to paint the interior of the Grange hall.

The program was in observance of Mother's Day, and was in charge of the lecturer, Mrs. Raymond S. Detweiler. Each woman was presented a carnation. The women also responded to roll call by naming their favorite songs.

Pointing out that Holland is the thickest populated country in Europe and that its canals are crisscrossed in such a fashion that from a plane they remind one of waffles, John A. Zwaan, speaking at a meeting of the Doylestown Nature Club, last week, said: "The windmills are fast disappearing."

Mr. Zwaan, who was presented by Mrs. S. B. Morehouse, and who has been in the United States two years, described its canals, dykes and "polder" the dyked in areas. He used a large map to illustrate his talk.

Two decisions, one to again sponsor the summer concerts, and the other to meet twice a month, were made at a dinner meeting of the Doylestown Civic Club, last week.

President Robert Taylor announced that nine more members

BEAUTIFICATION OF ENTRANCES TO BOROUGH IS HOPE OF COMMITTEE

The main entrance from the west into Bristol may some day take on the aspects of a boulevard drive if present plans materialize.

At least that is the hope and aim of a special committee now working on the project in connection with the Chamber of Commerce's 1949 Clean Up Campaign.

"The immediate object of the committee," said Arthur Pilla, Sr., chairman, "is to attempt to landscape the area between Otter's creek and Mill street so that the Borough dump will be hidden from view."

Several landscape architects have already been contacted and some plans for improvement submitted. Other drawings and sketches are expected in the next several days.

Because of the scope of the contemplated program the committee feels it will probably extend over several years.

The committee presently has in mind a beautification program that will begin at the PRR underpass and extend all the way to Mill street.

"Many of the property owners along this stretch of highway have

Schlegel Funeral Will Be Held On Wednesday

MORRISVILLE, May 17—Funeral is set for tomorrow for Henry I. Schlegel, husband of Martha Allis Schlegel, who died Saturday at his Maple avenue home. An employee for the past 24 years of Paterson Parchment Paper Co., Edgely, Mr. Schlegel was born at Massillon, O.

In addition to his wife he is survived by two daughters, Mrs. John Porter of Pompton Plains, N. J., and Miss Carolyn J. Schlegel of Morrisville; four sons, Harry J. of Los Angeles, Cal.; and Robert I., Donald E. and Ralph A. of Morrisville; a brother John E. Schlegel of Port Washington, N. Y., and four grandchildren.

TO PRESENT FAIR AT AGRICULTURAL COLLEGE

National Agricultural College To Sponsor Event Next Saturday

JUDGING OF POULTRY

DOYLESTOWN, May 17—Next Saturday, May 21, the students of the National Agricultural College will present an "agricultural fair," the first of its kind since the school's inception as a college.

Every department in the college will be represented. Animal and dairy husbandry students will be judged on their ability to fit and show dairy cattle, beef cattle and horses. Six classes of dairy cattle will be shown and judged by Joseph Canby, of Langhorne.

A class of two-year-old steers as well as two classes of horses will be led out. Horse showmanship will be judged by H. Hopkins, of Rushland.

High school that will participate in a poultry judging contest include Quakertown, Newtown, Lambertville, Slatington, Hatboro and Coopersburg. Prof. Raimo Lanson and the college judging team will determine the winner and present the awards.

An egg-grading contest, to be judged by Lester Brinker, Doylestown, will be open to all NAC poultry students.

Horticultural exhibits will be on display in the college gymnasium. Educational exhibits will include landscape model plots, propagation displays, insect control and orchid growing. There will also be a food industry exhibition featuring cultures, ice cream manufacturing, food packaging and food freezing.

Festivities are scheduled to start at 10 a. m. and continue all day on the college campus—open to the public.

ARRIVAL OF BABIES

The following were among the babies born in Abington Memorial Hospital, during the past week: A son to Mr. and Mrs. John F. Stover, Ivyland; a son to Mr. and Mrs. Enos R. Hunsberger, Southampton; a daughter to Mr. and Mrs. Herbert Luff, Richboro; a son to Mr. and Mrs. Andrew L. Munford, Langhorne R. D. 3; a daughter to Mr. and Mrs. John VanArtsdalen, Newtown.

TO HEAR DR. LEE

Bucks County Nurses Association members will meet on May 19th at 8.30, in the Swartzlander Building, Main and Oakland avenues, Doylestown. The topic will be "Early Ambulation," and a sound motion picture is to be shown. Speaker for the affair will be Dr. William Lee.

A PROCLAMATION

WHEREAS: By authority of Congress, the Veterans of Foreign Wars of the United States will conduct its 28th annual Buddy Poppy sale for the purpose of bringing aid to our needy veterans, their dependents, and the straitened survivors of veterans;

AND WHEREAS: all contributions given in return for Buddy Poppies are used exclusively for the purpose intended;

AND WHEREAS: bringing aid to those who have suffered from the war that this nation might live is a most fitting tribute to those who died for us;

We, Supervisors of Bristol Township, do hereby authorize the Joseph A. Schumacher Post, No. 1597, of the Veterans of Foreign Wars of the United States and its Ladies' Auxiliary to offer for sale to the Citizens of Bristol Township, the V. F. W. Buddy Poppy as made by the disabled veterans in government hospitals. The days of sale shall be May 20th to May 30th, inclusive.

We earnestly urge each of our citizens to support this most worthy cause—to help those now in need who helped America when her need was greatest.

JOHN WEIDMAN, HARRY ZOBEL, FRANK HIBBS, Supervisors.

"We are hopeful, however, that during the remaining days of the

GERMANY'S BASIC LAW

Part II

JACOB'S VOICE: ESAU'S HANDS

The purpose of this series of articles is to compare the new German basic law, which was largely dictated by U. S. State Department thinking, with the American Constitution, which was supposedly a model for the post-war German government.

It is not the purpose of these articles to indict American journalism for inadequate or inaccurate reporting.

Nevertheless, it is wholly impossible to discuss the question intelligently without stating boldly that most newspaper accounts of the content of the German charter were grossly misleading.

Only a few nationally known papers justified their prestige by publishing factual stories.

The New York Times, for example, which had a competent staff of reporters on the scene, and which printed the new basic law in full (two and a half newspaper pages), stuck to facts without attempting to gild a lily out of all recognition of its true self.

A very simple test will convince anyone that something went wrong with the news accounts as they ultimately appeared in the great bulk of American newspapers.

That test is to spread out the widely used news stories beside the account of the New York Times, and note the extreme variance between them.

That such a prominent news service as Associated Press fell down on reporting this matter accurately is regrettable. Yet it is a fact. The AP "digest" of the new basic law was probably the widest used analysis laid before the American public, and unquestionably planted a false picture of the charter deep in America's mind.

The AP's digest was riddled with the simplest and most obvious errors, easily detectable from even superficial examination of the text of the basic law itself.

Unless the management of Associated Press sees fit to go into the question of what happened to its staff, or unless Congress should figure that the U. S. State Department "pulled a fast one" by selling the AP reporters a load of propaganda, and investigate the matter—unless this question is explored from some such source, it probably will remain a secret how this outstanding news service went so wide of the mark in its reporting.

NAME POLICE CHIEF FOR FALLS TOWNSHIP

Franklin M. Kirby is Appointed To Succeed John Melvin

MELVIN NOW DEPUTY

FALLS TWP. May 17—In order to provide police protection for residents in this section of Bucks county, a new township police officer has been chosen.

Announcement has been made that Franklin M. Kirby, of Fallsington, has been appointed Chief of Police of Falls Township.

Deputy Sheriff John Melvin, of Fallsington, said that at a meeting of the board of Falls Township Supervisors a petition, signed by scores of citizens, was presented asking for police protection.

The township supervisors, after deliberating and discussing the need, named Franklin M. Kirby to the office.

The action of the Falls Township Supervisors follows the recommendation of the Bucks County Police Association which is crusading for the establishment of police officials in the rural areas and paying them from funds received from the State which are earmarked for police protection because the appropriations are made possible by the revenue derived from liquor licenses in the township or boroughs.

NAMED SUPPLY PASTOR

Lane Weller, son of the Rev. and Mrs. Charles Weller, Mulberry street, has been named as supply pastor at the Paxton Methodist Church, west district of the Philadelphia Conference. The appointment was made at the closing session of the annual conference at Allentown, yesterday.

OBSEVE ANNIVERSARIES

Miss Harriet Stetson, Mrs. James Slater, Mrs. Stephen Midouhas, George Kemmerer, Mrs. Scott Wetherill, the Rev. Edward G. Yeomans and Mrs. M. D. Weagley observed their birthday anniversaries by entertaining members of the senior choir, Bristol Presbyterian Church, at a baked ham supper on Thursday evening. The affair was held in the choir room. Others attending: Mrs. Charles I. Bowen, James Slater, the Misses Jean and Pauline Stetson, Blanche Savage, Barbara Condit, Marian Schwartz, Elizabeth Thompson, Stephen Midouhas, Mrs. Howard Lovett, Howard Booz, Fred Herman, John Woolson, Charles Hornby, William Fry, Mrs. George Kemmerer.

PUPILS AT "ZOO"

Four Bristol township school buses, filled with 212 pupils from grades one to six, Edgely public school, made a trip to Philadelphia on Saturday. There were seven teachers accompanying the girls and boys. The group spent the day at the zoological gardens, and partook of picnic lunch.

HOSPITAL CASE

James Edwards, of the Becker Farms, Bensalem township, is a patient in Abington Hospital, Bucks Co. Rescue Squad ambulance was used to transport Mr. Edwards.

REMOVED TO HOSPITAL

Dominic DeRisi, Penn street, was removed to Nazareth Hospital, Philadelphia, yesterday, by Bucks Co. Rescue Squad.

Terchon Post to Award Gift to Outstanding Athlete

At a meeting of the Chester W. Terchon Post, Veterans of Foreign Wars, held in the Post home on Sunday, it was decided to present to the outstanding boy athlete and girl athlete, of the graduating class of the Bristol high school a gift each year. Starting this year, a wrist watch having a suitable inscription inscribed thereon will be given.

It was also decided to hold a marbles tournament in the near future to give a boy from Bristol a chance to compete in Harrisburg for the State V. F. W. championship. Another marbles tournament will be held later in conjunction with Youth week.

ARRANGE PLANS FOR MEMORIAL SERVICES

3 Veterans Groups to Combine In Memorial Day Program

TIME SET IS 11 A. M.

At a meeting of the general committee of the Memorial day parade and services held in the home of the Chester W. Terchon Post, Veterans of Foreign Wars, Sunday evening, the Joseph A. Schumacher Post, V. F. W., of Croydon; the Bracken Post, American Legion; and the Chester W. Terchon Post, V. F. W., made final plans for a parade and services to be held on Monday, May 30th, at 11 a. m., at the monument in the Bristol Cemetery.

Members of the Terchon Post and other units marching with them will form at the Post home at 9 a. m. Members of the Bracken Post and other units will form at the Bracken Post home at the same time.

The parade will be led by the invited dignitaries, followed by the high school band, the Terchon Cadets, color squad, the Terchon unit, then the Bracken Post Cadets, the Legion unit, followed by the Legion Senior Corps, then the Boy and Girl Scouts.

The parade will pass the Terchon Post home on Franklin street, to Wood street, to Walnut street, across the Forge Bridge to Buckley street, to Bath, to Otter, to bridge

Auction To Be Attraction Saturday; P. T. A. Benefit

An auction sale, at which a wide variety of items will be sold is scheduled by Bristol Parent-Teacher Association for Saturday next at one p. m., in Wood street school yard.

Francis O'Connell has offered his services to the P. T. A. as auctioneer.

It is announced that it will be appreciated if any individuals who have goods of any kind to donate for the sale, furniture, clothing, glassware, etc. A truck will call for goods if phone call is made to Mrs. J. S. Lynn, 5439, or Mrs. John Johnson, 2675.

D. SHEERER IMPROVING

David M. Sheerer, Bristol township, who was injured in an automobile accident last week, is "progressively improving," according to officials at Harriman Hospital where he remains as a patient.

Steps Taken To Build Joint School Building

PLEASANT VALLEY, May 17—Initial steps were taken at a meeting of the Palisades Joint School Board to build a junior-senior high school. The joint board is made up of four districts, Bridgeton, Durham, Springfield and Tincum townships.

County Superintendent Charles H. Boehm outlined the plans for financing the building and explained the steps necessary to take advantage of the new State Building Authority Act.

The joint board has authorized Supervising Principal Melvin G. Mack to prepare the necessary plans for State approval.

The building will be designed to include an auditorium, gymnasium, shops, home economics room, library, health and guidance rooms and a vocational agriculture building.

Mr. Boehm pointed out that school buildings are now being constructed that are large and flexible enough to meet the needs of the new curriculum development. At present 500 pupils are enrolled in grades seven to twelve in the four districts.

The joint board was organized last July to conform with the county plan of reorganization of small school districts. It was pointed out that school districts now operating joint high schools will receive additional State appropriation for the new building.

BRISTOL ATTORNEY HEADS BAR ASS'N

John P. Betz, Jr., Elected to Succeed Webster S. Achey

NAME OTHER OFFICERS

DOYLESTOWN, May 17—John P. Betz, Jr., well-known Bristol attorney, has been elected president of the Bucks County Bar Association, to succeed Webster S. Achey, of Doylestown. The election took place at the annual meeting and dinner of the Bar held at the Warrington Inn.

Attorney Betz will have associated with him the following other officers: Vice-President, C. William Freed, Sr., Quakertown; secretary, Arthur M. Eastburn, Jr., Doylestown; treasurer, William M. Power, Doylestown.

Elected directors were the four officers in addition to Lawrence A. Monroe, Langhorne; Emanuel H. Klein, Quakertown; and Samuel S. Gray, Newtown.

Plans were made for the Bucks county attorneys to attend a picnic of the Bar Association of Bucks, Montgomery, Chester and Delaware counties at the St. David's Golf Club on Friday, May 29, with the Bucks and Chester county attorneys as the hosts for the event this year.

Mrs. F. Paleafo Dies; In the U. S. 40 Years

A resident of 334 Lincoln avenue, who had lived in the United States for 40 years, died early this morning after a short illness. The deceased is Mrs. Petrina Paleafo, wife of the late Frank Paleafo. Mrs. Paleafo died at the home of her daughter, Mrs. Steven Wisniski, 334 Dorrance street.

Other daughters and sons surviving are: Mrs. Frank Frascella, Trenton, N. J.; Mrs. Cosmo Avellasi, Boston, Mass.; Mrs. John Quinn, Nicholas Paleafo, Bristol. Eight grandchildren also survive.

PLEAD GUILTY CASES ARE HEARD BY COUNTY COURT

Thomas Rocco, 60, New Hope, To Pay \$150 Fine

OTHER FINES IMPOSED

Some of the Defendants Are Given Suspended Sentences

DOYLESTOWN, May 17—A "dynamite man" in a traprock quarry near Lambertville, N. J., who testified that he had an eggnog "hangover" on Easter Sunday when he was arrested for driving while drunk in New Hope, pleaded guilty before President Judge Hiram H. Keller in Bucks County criminal court here yesterday.

He is Thomas Rocco, 60, who New Hope police arrested, after Rocco had struck another car and drove on to the home of Mrs. Sadie Peterson.

Judge Keller sentenced Rocco to pay a fine of \$150 and costs and suspended sentence on a charge of failure to stop his car at the scene of an accident. Rocco was arrested on April 17, at 9.50 in the morning (Easter Sunday).

Edward Matthews, of New Hope, a former saloon keeper, testified that he saw Rocco after the accident and that in his opinion he was not drunk. Rocco told his story through an Italian interpreter. He said that he had "a big little head the next morning" after drinking a pint of eggnog.

Fourteen years ago Rocco said he was arrested in New Jersey for driving while drunk. Character witnesses all said that Rocco was a hard worker, and that he celebrated "maybe once a year." He was arrested by Constable Miles Delaney.

A fine of \$200 and costs was imposed by Judge Keller on Barnett A. Roseff, 57, of 115 East 21st st., New York City, after he had pleaded guilty to driving while drunk on March 31 this year at Fallsington, Roseff, a lamp shade manufacturer, told Judge Keller that he had drunk a few cocktails in Trenton before going to call on a customer with whom he wanted to make a good deal.

Woman Dies Six Hours After Being Badly Burned

DOYLESTOWN, May 17—Six hours after she had been badly burned in an accident at her home, "Three Star Farm," in Doylestown township, Friday morning, Mrs. J. Audrey Jordan, 79, died in the Doylestown Emergency Hospital.

She had been rushed to the hospital in the O. P. James Memorial Ambulance after Doylestown Fire Company had been called to her home by a neighbor who summoned the fire company when she heard Mrs. Jordan's screams.

Mrs. Jordan's hands were very badly burned when firemen arrived and there were other burns that contributed to her death.

Firemen could not determine whether Mrs. Jordan was building a fire in a pot-bellied stove, or whether she was burning newspapers when the accident occurred.

Mrs. Jordan lived with her daughter and son-in-law, Mr. and Mrs. Theodore Weller.

ONE MAN'S OPINION

By Walter Kiernan

(Distributed by International News Service)

Tom Dewey toured Windsor Castle the other day but King George didn't look any more worried than Truman did when Tom visited Washington.

When they told Dewey that the castle had been in the hands of the royal family for centuries I understand he murmured "you should see our White House."

Tom also got to see a performance of MacBeth which features three witches... possibly picked up a few trade secrets.

All I know is that when the first witch asked "when shall we three meet again?" Tom said "how about Chicago in 1952?"

Meanwhile Mr. Truman is still hot for cutting the national debt but some say just give Godfrey another sponsored hour-a-week and stop worrying.

Arthur made \$458,000 last year with a four dollar ukelele and it's not our fault that Harry took piano lessons.

LATEST NEWS BULLETINS

Napping Carnival Worker Killed by Trailer

Philadelphia—A 45-year-old carnival worker napping under a trailer was crushed to death today when a fellow employee moved the vehicle. The victim was William Sample, of El Paso, Texas, employed by the Cetlin and Wilson Shows now appearing in Northeast Philadelphia.

4th Round Wage Increase Talks Scheduled

Pittsburgh—United States Steel Corporation indicated today it would begin talks sometime between June 1 and 16 with the CIO United Steel Workers on a fourth-round wage increase. U. S. Steel, which sets the pattern for the industry, and the union can discuss only wages, a pension plan and a social insurance program under terms of the present two-year contract.

Announce GE Refrigerator Price Cuts

Bridgeton, Conn.—General Electric announced today refrigerator price cuts ranging from \$9.25 on its \$199 model to \$19.25 on its deluxe \$160 model. L. H. Miller, manager of the company's refrigerator division, said that the cuts will save consumers approximately eight million dollars a year.

Investigate Drowning of Science Editor

Biloxi, Miss.—Biloxi authorities today investigated the circumstances surrounding the drowning of Harry M. Davis, 35-year-old science editor for Newsweek Magazine. Davis' body was recovered from the Gulf of Mexico last night less than two hours after he and his wife checked into their hotel.

TRIBUTE TO AIRLIFT MEN

A "welcome home" shindig for a bunch of military men that certainly deserves it is planned by the national military establishment. It will bring back representative groups of the men who have flown, serviced and otherwise implemented the Berlin airlift for 11 months. Tentative plans call for a formal, top-level reception in Washington, followed by a road show tour of 20 other American cities.

Considering what these airmen have done to set Russian plans down with a resounding thump, a parade, or series of parades, is the least the nation can do for them. Several weeks ago, when termination of the airlift became a possibility, the department of defense began accepting suggestions and making plans to pay tribute to the men who brought about what Secretary Johnson calls "the greatest peacetime achievement of American arms."

Congress is considering legislation authorizing the award of a special medal to those who have been pushing the planes through at three minute intervals in foul weather and fair.

The cost to America and Britain has been the loss of more than a score of lives and approximately \$200,000,000 — seven-eighths of this amount supplied by the United States. The U. S. has gained immeasurably in air transport experience.

But it was the personnel, from pilots down to the lowest ranks of ground crewmen that really pulled off this amazing achievement, and these men should be made to feel that all America realizes it.

After the long months of grinding emotional tension, they deserve a complete holiday from their labors. They will prize this above medals and ovations. Here's hoping they get it.

IT'S SAFER TO WORK

A man looking for absolute safety is out of luck. He cannot leave home without running the risk of a railroad, automobile or plane accident. If he stays home, he can ponder the fact that more accidents occur in the home than anywhere else. If he goes to work, he cannot ignore the knowledge that industrial accidents cost 135,000 man-years of employment last year.

But he can at least console himself by reflecting that this figure is the lowest in eight years. There were fewer than 2,000,000 disabling work injuries in 1948, the Bureau of Labor Statistics reports. The total dropped below 2,000,000 because there were no major disasters, and injury rates were lower in manufacturing, railroad and in mining.

The rate is still too high. By continuing emphasis on safety, the nation can do better than that.

Kansas is worrying about what to do with this year's wheat crop. It seems the bins and the banks are both full.

Thirty per cent of American families spend more than they earn, probably because of the bad example set by their Uncle Sam.

Germany's Basic Law

Continued from Page One

Conjecturally, it is easy to assume that one of two things happened: either the AP reporters were gullible enough to rely on State Department "handouts" and thereby let Uncle Sam's press-agents write their stories instead of telling the American people the truth as they found it, or these reporters had barely time to skim through the voluminous charter before writing their stories, and therefore saw only the bold but misleading generalities, without finding the limitations, restrictions, exceptions and deviations on these generalities contained elsewhere in the code.

If this latter case is the fact, then the Associated Press reporters are simply the first of what may be a long line of persons to be fooled by the neat deceptions of the document. It was written to deceive—that shines out as the most conspicuous single feature of the new German basic law.

A single point will show how far from accurate the Associated Press account actually was.

Again and again the service called the new basic law a "constitution." Now, it isn't a "constitution." The distinction is far more important than seems at first glance. It is properly and officially a "constitution" for any reporter, on the scene, to miscall it by the word "constitution" is not only an egregious error, but subtly misleading as well.

No reporter who covered the sessions of the Constituent Assembly has any possible excuse for this mistake. The Assembly debated this very point at great length, sometimes with much heat. It involves a phase of the matter which is fundamental.

A constitution is a basic law ratified by a people. There were those in the Constituent Assembly who wanted this basic law submitted to the German population. Others feared that it might fail of ratification. Therefore they undertook to prepare a code of laws which would take effect without ratification. But this they could not call a constitution—therefore they adopted the official name of "basic law."

Those who are tempted to think this a minor distinction are invited to note that the principal reason advanced for two delegates to the Assembly (out of 65) for voting against the basic law was that it was NOT a constitution. Moreover, not having been ratified as a Constitution by a referendum, the basic law may come to be repudiated by the German people on this same "unimportant" point.

As noted previously, the new German basic law is voluminous. At a rough estimate, it has 15,000 words—about three times as long as the entire American Constitution with all amendments.

It has 146 separate "Articles"—the original U. S. Constitution had seven. The Articles are subdivided into numerous sections or paragraphs.

The technique used by the writers of this document is that of stating a general principle or "right" in unqualified terms in a conspicuous part of the charter—and then "qualifying" the matter elsewhere, in a manner which either the location or the phrasing makes inconspicuous.

A couple of examples will illustrate this technique.

Paragraph 2 of Article 3 states boldly that:

"Men and women shall have equal rights."

But thousands of words later, in Article 118, it is provided that laws which conflict with the above shall continue in force until "adjusted"—possibly until 1953.

Paragraph 3, Article 7, provides that:

"Religious instruction shall form a part of the curriculum in state schools with the exception of non-profession schools."

But scores of Articles thereafter, in Article 142, one finds the stipulation that this is not to apply to areas which had valid laws to the contrary in effect on January 1, 1949.

Now, is there any other conceivably reason assignable, except that of deception, for the creation of a separate Article invalidating part of a preceding Article, and their separation at such great distance in the document? The whole theory of the division of basic laws into "Articles" is what each topic should be comprehended under a single heading. If the purpose of the writers had been that of clarity rather than deception, would not these stipulations have been put where they so obviously belong—as subsections under the Articles which they modify?

Not all the limitations are so widely separated.

Over and again, for example, rights are stated in terms which give them the illusion of being constitutional guarantees, over and above the power of the government to destroy by mere legislation—and yet in the next breath put wholly or partly at the mercy of the government.

To take an example, largely at random, out of the parts of the document which have been widely acclaimed as extending to the German people the contents of the American Bill of Rights, consider the one dealing with Freedom of Assembly (Article 8).

"All Germans shall have the right without prior notification or permission to assemble peacefully and unarmed for open air meetings."

Up to that point, this is a restatement of the portion of the First Amendment to the U. S. Constitution (part of the Bill of Rights) dealing with this subject, which reads:

"Congress shall make no law . . . abridging . . . the right of the people peaceably to assemble, and to petition the government for redress of grievances."

This concept in the American basic law is clear and clean-cut. The "right" of assembly is accepted as a fundamental or God-given (Declaration of Independence) right, to be guaranteed by the Constitution, and to be placed forever beyond the power of the Federal government to legislate out of existence.

But note what follows the above quoted passage from the German basic law:

"All Germans shall have a right without prior notification or permission to assemble peacefully and unarmed for open air meetings. THIS RIGHT MAY BE RESTRICTED BY LEGISLATION OR ON A BASIS OF LAW."

Nothing could more neatly illustrate two phases of the new German code, as largely written and wholly approved by the American State Department.

First, its clever superficial resemblance to the American system of government; and

Second, the deceptive manner in which the voice offers the semblance of a guaranteed right, while the hands immediately snatch it away.

Please notice that the wisdom of this and other passages, as they apply to the present situation of the German people, is not the point under discussion.

The question is whether the thinking of the American masterminds, as reflected in this German basic law which so largely reflects their handiwork, has led them to honestly uphold the principles of Constitutional Americanism—or to merely pretend to do so while actually doing the opposite.

Here we have a typical passage from this document which pretends to recite part of the first of the Bill of Rights—yet which actually paves the way for destroying a right which Americans always considered to be fundamental, that of assembly and protest.

As food for thought, preliminary to tomorrow's article which will be devoted to freedom of speech, let's think over a fundamental question: How can free government possibly function, responsive to the people's will, unless the public is free to meet and free to discuss the things and policies of government?

As just noted, under the German charter, the new German government is specifically given the right to restrict by legislation, or by executive interpretations of existing laws, the right of the citizens to assemble for the discussion of grievances.

TOMORROW: "Censorship."

THE GREAT GAME

OF POLITICS

By FRANK R. KENT

Mired Program

Washington, May 17

IF it is true President Truman

fooled the politicians, polesters,

newspaper editors, columnists and

bettors about the result of the last

election, it is also true he fooled

himself quite as badly concerning

the meaning of the result. If the

experts missed the signs that

pointed to his victory, Mr. Truman

and his advisers certainly misread

the significance of the returns.

—o—

PROOF of this is the exceedingly

stark state in which his so-called

"Fair Deal" program now finds it-

self after four months of Congress.

Chief reason for this is Administra-

tion acceptance not only of the

labor bosses' interpretation of the

Truman success as a "mandate" to

repeat the Taft-Hartley Act but the

unwarranted Administration expan-

sion of the mandate idea to include

numerous campaign promises more

or less desperately made when

there seemed almost no chance of

his election. That was a mistake.

On this assumption a gigantic pro-

gram was developed which would

have been fantastic even if the

Truman victory had been overwhelm-

ing and the country ripe for socialis-

tic experimentation.

—o—

THAT program bears no relation to

realities and it is not surprising it

has bogged down. The flattest failure

is the effort to wipe off the

books the Taft-Hartley law. It is

perfectly clear now that this is not

going to be done. Though, in addi-

tion to the full weight of the labor

bosses and the full weight of the

White House, Mr. Truman has used

the full weight of Federal patron-

age; the repeal proposals are stuck

on this issue Mr. Truman and the

labor lobbies, despite their belliger-

ent proclamations and claims, are

in retreat. On this issue the "man-

date" has been exposed as particu-

larly silly. Although left-wing

columnists who speak for the CIO

insist that a Truman victory is still

possible and are trying to cajole the

easily cajolable "liberal" Republi-

can senators, such as Ives, Morse

and Aiken, this is recognized as

propaganda, and everybody knows

the repeal fight has been lost.

—o—

FINAL result at this session will

be passage of a bill modifying the

existing law as proposed or agreed

to by Senator Taft but retaining

the chief features of the Taft-Hart-

ley Act. Whether the name is

changed or not is immaterial. The

main point is that the attempt to

kill the only piece of labor legisla-

tion in 16 years affording the pub-

lic any protection at all and go

back to the original Wagner Act

under which the labor bosses

wielded and abused—unrestricted

power, has failed. For that, the

average American can be grateful.

Any other result would have been

degrading and devastating.

—o—

BUT other parts of the "Fair

Deal" program seem just as thor-

oughly mired now as the labor part.

For example, the new farm bill,

evolved by Secretary of Agriculture

Brannan, designed to increase

the subsidies to the farmers and

decrease the price of food to the

consumers by direct payments out

of the Treasury. This would be

pretty tough on the taxpayer and

further destabilize our unstable

Federal finances. Even Mr. Bran-

nan can only guess what the cost

would be. In any event the best

guess is that the bill will not pass.

Nor will the Truman compulsory

health insurance bill; nor the ex-

traordinary "Economic Stabiliza-

tion Act of 1949." Nor the Truman

tax proposals, nor the Truman

proposals to expand the Social Security

Act so as to take in 20,000,000 more

individuals at an almost incredible

cost; nor his civil-rights proposals.

—o—

ALTOGETHER, only a negligible

part of the President's domestic

program seems scheduled to go

through this session. The situation,

of course, may change but ex-

perienced observers do not now think so. As they see it, there was never a more underbaked and untimely program presented nor one more completely stalled. And this is especially remarkable when it is considered that Mr. Truman, a newly elected President with four years of his term stretching ahead, has a Democratic majority in both branches of Congress and a great many offices to fill.

—o—

THE effort to ascribe this failure

to a sinister "coalition" of Republi-

cans and Southern Democrats is

strained. The word "coalition" is

regularly used to explain the fact

that a majority in Congress—and

in the country—favors neither the

subservience to the labor bullies

exhibited by the Administration

nor the huge cost and drastic

character of the welfare legislation

proposed. Above all, what the state

of the President's program shows

is that there is behind it nothing

resembling a popular "mandate."

Talk from the Administration

politicians and the labor publicists

about taking "our case" to the

people in 1950 is bunk. There isn't

any way to arouse the people in

favor of this program. They were

not for it last year and they are

very unlikely to be next.

campaign a great many of these

lots will take on an improved ap-

pearance," the chairman concluded.

The Chamber will again partici-

pate in a 1949 Youth Week pro-

gram, according to the Rev. Ed-

ward G. Yeomans, assistant chair-

man of the program. Activities will

follow the same general pattern as

last year with most events sched-

uled to be held at the new YMCA

building, Telford Eppley is the gen-

eral chairman of the program.

The events, which will be held

Monday, Tuesday and Wednesday,

June 13, 14 and 15, will include

Submit Recommendations For Zoning Law Changes

Continued from Page One

What is the difference? If "community" is meant to imply storage for more than two motor vehicles, would the word "multiple" be more apt?

Sec. 103-9. Family: Do the words "living and cooking together," in defining a family, exclude the renting of rooms without board in a dwelling in a residential district? If so, it would seem that, while a "boarding" house is permitted, a residential "rooming" house is not permitted in such districts. We fail to see any difference between these as far as their effect upon the residential character of the neighborhood is concerned. If our interpretation is correct, we believe (a) that the renting of rooms in dwelling houses, whether with or without board, should specifically be permitted in all districts; or (b) that the definition of "family" should be changed to permit renting of rooms, with or without board, in residential districts.

Sec. 103-14. Private Garage: As this definition now reads, the owner or tenant of the premises on which the garage is located may store more than one commercial vehicle in it, but he cannot rent that same space to a neighbor for storage of a commercial vehicle. For practical purposes, what is the difference between storage of a commercial vehicle by the owner or tenant, and identical storage by a neighbor or someone else? By the same token, if a private garage is large enough to accommodate two or more vehicles, why should the owner or tenant be limited to not more than two noncommercial vehicles in renting his garage space? While we agree that there should be a limit on the storage of commercial vehicles in residential districts, and that the limitation to one commercial vehicle per property is reasonable, we believe there should be

no distinction between use by the owner or tenant himself and use, through renting, by a person other than the owner or tenant, and that the owner or tenant shall be free to use part or all of the garage space and free to rent part or all of such space, subject only to the limitation to one commercial vehicle.

Sec. 203. Boundary Tolerances: While the right to extend the less restricted use fifty feet into the more restricted district will probably take care of the great majority of lots held in single and separate ownership where traversed by a district boundary line, so that the owner of such a lot may use his entire lot for the less restricted use, there are undoubtedly instances where this 50 feet tolerance is inadequate and will still leave an owner with a divided-use lot. One such instance is the Wetherill lumber yard at Green Lane & Farragut Avenue, part of which would be in a Commercial District and part in an R-1 Residential District. There are no doubt other, similar cases. We recommend that before the proposed ordinance is submitted for enactment by Borough Council the Zoning Commission re-examine the proposed district boundary lines and relocate them wherever necessary so that so far as possible no lot in single and separate ownership will be divided in classification even after allowance of the 50 feet boundary tolerance.

Sec. 301. Use Regulations: While the right to erect buildings for accessory use can no doubt be spelled out by reference to other sections of the proposed ordinance and by implication, we believe that, in the interest of greater clarity and fuller understanding, this section should:

(a) Specifically permit erection of a private garage (and a "community garage," if of a private nature), either as part of the dwelling or as a separate structure, as well as the erection of other buildings for the accessory uses permitted in Sec. 301-19. As to location and

height of such buildings, there should be included a cross-reference to Sec. 805.

(b) Specifically permit the renting of rooms in a dwelling house, with or without board.

Sec. 301-2. Single-family semi-detached dwelling: While semi-detached dwellings no doubt make a far better appearance when built at the same time, there is the possibility that an owner may wish to use an already existing party wall of a dwelling built on the adjoining lot. We feel that where such a situation arises, the owner should be permitted to build without first having to obtain an exception from the Board of Adjustment. This should apply to all residential districts.

Sec. 302-4. Side Yards: In the interest of greater clarity, we recommend that this paragraph contain a cross-reference to Sec. 805 relating to the location of garages, etc.

Sec. 302-5. Rear Yards: Same recommendation as made with respect to Sec. 302-4.

All the foregoing recommendations are made with respect to all three residential districts.

Sec. 602-3. Area Regulations — Front Yard — Commercial Districts: We recommend that the requirement of a front yard not less than 10 feet in depth be limited to residential properties, just as Sec. 602-4, relating to Side Yards, applies to residential properties only, and that it should not be made to apply to Commercial properties.

Sec. 701. Use Regulations — Industrial Districts: Since Bristol is and for many years has been an industrial community, the great majority of its citizens depending upon local industry for their livelihoods, we respectfully urge that each use now proposed to be prohibited be

carefully reconsidered before it is finally written into the ordinance. While some industrial processes, such as distillation of bones, fat rendering, and petroleum refining are and in the foreseeable future perhaps always will be objection-

able because of odor, noise, smoke, or dust, there are many others in which the industry itself has developed adequate controls to prevent obnoxious odors, etc., and where such controls or safeguards are provided, there would seem to be no reason for excluding such an industry.

The proposed list of prohibited industrial uses contains many which we believe come within this category, and at the same time does not contain certain uses which are decidedly undesirable. To the list of prohibited uses we would add, under Par. 5, "fatty acid distillation"; and under Par. 7, "automobile dismantling, unless carried on within an enclosed building and dismantled parts are stored away from public view," this being intended to prevent what are commonly known as "automobile graveyards."

As to a number of uses now on the proposed list of prohibited industrial uses, we feel an effort should be made to be more specific. For example, the manufacture of "acid" is prohibited. To many the word "acid" means something that smells terrible, that burns the skin, that eats into clothing, etc. But there are a great many substances which are quite harmless and quite inoffensive, both in their manufacture and in their use, which are chemically classified as acids. Yet the manufacture of these would be prohibited along with the manufacture of those acids which are admittedly offensive. In this category

we include, in addition to Acids, Disinfectants, Dyestuffs, Matches, Rubber Goods, Soda and compound, Vinegar, Yeast, and the like.

Finally, there are many items which we believe should definitely be removed from the proposed list of prohibited uses. Among these are coke ovens, the manufacture of candles, emery cloth and sandpaper, printing ink, shoe blacking, soap, ore smelting, linoleum, and wool pulling or scouring. With respect to these items, controls have been devised which make their

manufacture inoffensive for all practical purposes.

Sec. 702-3. Front Yard—Industrial District: We recommend that the requirement of a front yard not less than 10 feet in depth be limited to residential properties, just as Sec. 702-4, relating to Side Yards, applies to residential properties only, and that it should not be made to apply to industrial properties.

Art. VIII. General Regulations: Since Art. IX, dealing with Signs, is of a specific regulatory character, just as Arts. II—VII, inclusive, in comparison with Art. VIII, which by its title is of a general regulatory character, we respectfully suggest that, in the interests of better form and arrangement, Art. VIII and Art. IX be interchanged. The regulation of signs is a more recent development in the history of zoning legislation, and as a result the sections dealing with signs usually appear in the form of amendments to zoning ordinances. We do not feel, however, that the otherwise logical and orderly arrangement of the proposed ordinance should be sacrificed for the sake of historical incidence.

Sec. 801-2. Extension: This section permits extension of a nonconforming use. Since 99% of uses are connected with or engaged in in buildings, it would seem to follow by implication that an owner has authority to extend his building up to 50%, in order to avail himself of the privilege of extending a nonconforming use. Perhaps this implication is not intended; regardless of whether it is or not, we urge that this Sec. 801-2 be re-drafted, so that it shall expressly and specifically grant authority to extend a nonconforming building up to 50%, subject to the proposed area and height regulations.

Sec. 801-4. Restoration: (a) Al-

though Sec. 801-2 permits extension of a nonconforming use up to 50% without formal approval of the Board of Adjustment, and of more than 50% if such approval is granted, the owner who has had the misfortune of having his building destroyed by fire, flood, or other catastrophe, can only rebuild to the same height, area, and volume as before. If an owner may extend a nonconforming use, and by clear implication a nonconforming building, up to 50%, without having had a fire or flood, why should he not be permitted to extend such use and building up to 50%, when rebuilding after a fire or flood?

(b) The proposed ordinance requires restoration of a nonconforming building to begin within one year from date of destruction or condemnation, otherwise the right to restore is lost. Since building construction is frequently subject to uncertainties and delays beyond an owner's control, we recommend that the one year limitation as well as the matter of continuity of the work, be made more flexible, by providing for an extension beyond one year upon application to and approval by the Board of Adjustment under proper circumstances.

Sec. 801-5. Abandonment: With respect to loss of the right to resume a nonconforming use through abandonment, we recommend (a) that the Board of Adjustment be given authority to extend the prescribed period of one year where the facts and circumstances warrant such extension; and (b) that, instead of leaving the abandonment of a nonconforming use of land to the uncertainties involved in the words "any reasonable length of time," a fixed term, such as one year, be prescribed, with the same authority in the Board of Adjust-

ment to extend that period beyond one year where the facts and circumstances warrant such extension. This will have the double virtue of making the provisions as to abandonment uniform as to both land and buildings, and of avoiding much controversy and litigation.

Sec. 205. Private Garage: Accessory Buildings: With reference to subsection (b), we fail to see why a private garage or accessory building must be separated entirely from the main building, or why it must necessarily be located at least 10 feet farther back from the front street line than the rear most wall of the main building. What of the private garage which is connected to the main building only by a breezeway? There may be a real difference of opinion as to whether such a garage could properly be considered "a structural part of the main building." Yet, if designed artistically and well, so that it blends well with the main dwelling, what real objection could there be to such a garage being built along the front line of the main dwelling?

As long as the distances from side and rear property lines and general area requirements are complied with, we believe subsection (b) may well be eliminated.

Sec. 809. Parking Space: The problem of adequate parking space in Bristol is admittedly growing more and more serious and difficult. While we agree that something should be done toward finding a satisfactory solution, we feel that the present proposals, as set forth in Sec. 809, are impracticable, and that this entire section should be carefully re-examined. It seems quite obvious that adoption of this section in its present form may result in placing property owners on one side of a street at a disadvantage over their neighbors on the

opposite side of the street, a result which no one would wish to impose if it can possibly be avoided. We believe that further study of this section will produce a somewhat more equitable arrangement.

Art. IX. Signs: As above indicated, we suggest that this article be interchanged with Art. VIII.

Sec. 901-6. Temporary Signs: This subsection now provides only for temporary signs of mechanics and artisans in residential districts. We recommend that some provision be made to permit temporary signs and displays in connection with civic or quasi-civic efforts, such as the present clean-up campaign, or financial campaigns by charities.

Sec. 902-3. We see no objection to a sign of the flashing type in Commercial Districts, and feel that this sub-section should be eliminated.

Sec. 902-4. As long as proper safety requirements are met, we see no objection to signs projecting over sidewalks in Commercial Districts, and recommend that this subsection be deleted.

Again assuring you of our desire to cooperate in every possible way with the Zoning Commission, to the end that Bristol may soon have a sound, workable, and effective zoning ordinance we remain

Respectfully yours,

BRISTOL CHAMBER OF COMMERCE

PAUL V. FORSTER
Chairman.

These prices feature "Extras" that aren't!

If you're price-conscious these days as you shop for new cars, you've probably made a big discovery.

It's important to find out what the price includes—particularly in the normal "spread" between list and delivered prices.

Take these Buick prices given here. All of them, as the panel tells you, cover such universally wanted accessories as radio and antenna, heater and defroster, windshield washers and built-in back-up lights.

These are individually itemized on your bill of sale. Not itemized, but still included in your Buick when you get it, are many things that classify as extra-cost items on many other cars.

For instance, Foamtex seat cushions are an extra value on Buick SUPERS and ROADMASTERS that cost you nothing extra. You

get direction signals, rear wheel shields, a flexible steering wheel, an air cleaner, an oil filter, a clock—all included in the basic list price. On all ROADMASTERS, these prices even cover Dynaflo Drive as standard equipment, not an extra-cost item.

Included also, of course, are such Buick extra values as Fireball power, which you get nowhere else—all-coil springing, almost an exclusive—the widest rims in the industry—and that very special and desirable solid Buick feel.

So—check the "extras" when you price today's cars. Check the "deal" too, and make sure it's as fair and aboveboard as the Buick sales policy.

We're pretty sure what your conclusion will be when you see what stepped-up production is doing to deliveries. You'll decide "Buick's the buy!"—and get your order in.

MORE CLEARLY THAN EVER
"Buick's the Buy"

DEITZLER PITCHES NO-HIT GAME AND TULLYTOWN WINS

BRISTOL SOFTBALL LEAGUE

Schedule for Tonight
FRANKLIN at FLEETWINGS ESTS.
JEFFERSON and SECOND WARD
(Memorial Park field)

Claude "Tiny" Deitzler pitched a no-hit game last evening as Tullytown A. C. won its second game of the Bristol Suburban Softball League. The Tullytown ten beat the Fifth Ward Sporting Club, 4-2, on Kings Farm field.

Deitzler had an easy time with the Fifth Ward batsmen as he retired the last ten batters in order. Only his wildness prevented him from scoring a no-run, no-hit game as he issued a total of six passes. His mates made three errors in the first two frames which also helped the losers to their pair of runs.

Henry "Reds" Liberators' passes were disastrous to the Fifth Ward team as he gave up seven tickets to first. However, six of those gifts came in the third inning, the same frame in which Gene Lynch had a single to account for three of Tullytown's runs. The other marker was the result of a long triple to left by Tony Bianco and Deitzler's fly to the outfield.

Tullytown had five safe hits in the contest.

MARSH MAKES DEBUT WITH A VICTORY

Kermit Marsh was tight in the pinches last evening as the West Bristol A. C. made its debut in the Bristol Suburban League with a 5-1 triumph over the Lewis Lodge of Elks. The game was played on the Bristol Township school field.

Marsh gave the Elks five hits while his mates garnered but three off Norman Davis and Ray Pollard. But when the chips were down, Marsh was whipping his fast ball across the plate. He had nine strikeouts in six innings and fanned five batters in a row in the first and second innings.

Especially in the first was Marsh at his best. The Elks started off fast with Howard Keys getting a triple and Hardy Johnson scoring him with a single. After McCoy went down on strikes, Eljah Bragg hit a double but Kline and White also fanned.

West Bristol scored three runs without the aid of a base hit in the second and added two more in the

fourth on a double by Saul, an error, and single by Haines.

Seven Charter Members Are Present at Rebekah Banquet

Assembling in Bristol Methodist Church social hall Saturday evening for the annual banquet of the Rebekah Lodge, No. 366, approximately 60 members and guests partook of a delicious menu consisting of: fruit cup, turkey, mashed potatoes, string beans, cole slaw, candied sweet potatoes, celery, olives, radishes, rolls, coffee, ice-cream and cookies.

Mrs. Howard Fennimore served as mistress of ceremonies the occasion marking the 20th anniversary of instituting of the lodge. She was the first noble grand serving when the lodge was instituted April 13, 1929 with 37 charter members. Seven of these were present Saturday evening namely: Mrs. Fennimore, Mrs. Howard Mitchell, Mrs. Fred Gould, Mrs. Robert Robinson, Mrs. Wilmer Dyer, Mrs. Mary Heaton, Mrs. Mrs. Walter Rittler. The affair was in charge of Mrs. Fennimore and her committee.

The tables were decorated with cut flowers, pink candles, and favors of potted ivy. Welcome by Mrs. Fennimore was followed by the group singing "God Bless America" accompanied at the piano by Mrs. Walter Strouse. The invocation was by the lodge chaplain, Mrs. Jennie Dietrich.

During dinner Miss Delores Bickel favored with several accordian selections. Remarks were made by the following: district deputy president, eastern district of Bucks County Odd Fellow lodges, Milton Miller, Sr.; noble grand of Hopkins lodge, I. O. O. F., Milton Miller, Jr.; vice-grand of Hopkins lodge, William Warner, Jr.; vice-grand of Lily lodge, Mrs. M. Bakelaar; representative to the orphanage and member of its board of directors, Mrs. Mary Heaton; representative to Rebekah Home, Mrs. Howard Mitchell; district deputy president of Bucks County Rebekah lodges, Mrs. Raymond Robinson; past district deputy presidents, Mrs. Robert Robinson and Mrs. Charles Brodie. Each were presented with a gift and a gift was also given to Marjorie Bakelaar and Miss Mabel Bickel. A bouquet of flowers and another gift were presented to Mrs. Fennimore. Entertainment was furnished by the Coyne Revue, of Croydon.

PLAYER ROSTERS, SUBURBAN LEAGUE, GIVEN APPROVAL

The player rosters of the six teams of the Bristol Suburban League have been approved by the officials of the league. The circuit opened its season on Monday evening and will play again Thursday evening with games scheduled on the Third Ward field, at Pennel, and Memorial Park field.

The rosters are:
Hibernians—Joseph Dolan, manager; James Muth, Thomas Breslin, Al Task, Maurice McCurry, Joe Cahill, Jack Walker, Norman Hetherington, Joe McDewitt, Tom Stewart, Steve Stevenson, John McDonnell, Johnny Rodgers, Joe Dolan, Robert Neal, William Morris, Walter Houser, Jesse Vanzant, Francis Dennis.

Clinton J. Lewis Lodge of Elks—Walt Keys, manager; J. Hicks, C. Kline, E. Bragg, J. McCullen, E. Davis, H. Keys, H. Johnson, B. Schuyers, W. Ringgold, E. Bell, M. McCoy, G. White, J. Williams, N. Davis, B. Pollard, H. Leighton, W. Keys, B. Stone, J. Donovan.

Voltz-Texaco—Barney Ludwig, manager; Alex Dewnap, David Morrell, Saverio Pappaterra, Earl Cross, H. A. VanLenten, Jack Sackville, Horace Saxton, Charles Kohler, David Ludwig, Fred Barbetta, Leonard Jones, Albert Barbetta, Anthony Palumbo, Bill Coates, William Stockton, Ed Capriotti, Joseph Sagolla, Lloyd Ludwig.

West Bristol A. C.—James Ellis, manager; Charles Glassmire, Kenneth Marsh, Floyd Ghannt, Charles Haines, A. H. Stiles, David Weakley, Michael Rice, Leonard Dugan, Harry Rhodes, Albert Foster, Harry Saul, Jimmie Muth, Kenneth Heath, Robert Ghannt, John Ritter, Bill Hanes, Norman Vetter, Bill Cochran, Paul Killian.

Flannery's Eagles of Pennel—Howard Black, manager; Richard Lukens, Dan Fleming, James Egli, Clinton Pursell, Robert Griffin, Joseph Schreiber, Harry Ferrell, Charles Martindell, David Macene, Walter Hofmann, Thomas Pursell, Chester Watson, Frank Pursell, Paul Roby, Dale Miller, Joe Lukens, Frank Mongillo, Vic Rockhill, William Mazano, and Howard Black.

Edgely A. C.—Arthur Kramas, manager; Theodore Adams, Frank Elker, William Dunkelberger, Gordon Pahey, Ralph Linck, Tony Mama, Robert Elker, Arthur Kramas, Joe Elmer, Karl Leinheiser, Albert Doner, Joseph King, Gene Panini, George Polyak.

FLANNERY EAGLES, PENNEL, WIN FIRST GAME

The Flannery Eagles of Pennel won their inaugural game of the Bristol Suburban League by whitewashing the Hibernians, 7-0, on the Third Ward field, last evening.

JUNIOR HIGH RACE TIGHTENS CONSIDERABLY

The Lower Bucks County Junior High League was tightened considerably as the result of the games played yesterday.

Southampton, the league leader, was beaten by Bristol Township by the one-sided score of 9-1. Bristol Township and Bristol are now but one-half game away from the league pace-setters. It was Southampton's first defeat.

In the game played at Southampton, Bob Ashby held the Southies to five hits and had thirteen strikeouts to his credit. Ashby had the situation well in hand from the start to finish.

Joe Muth led the Township batters with a triple and pair of singles. His triple in the initial frame scored Beers. Joe Shade, who had two of the winners' 11 hits, drove in four runs.

Bristol defeated Langhorne, 8-6, on Memorial Park field. Coach Ben Watson's team had to come from behind to snatch this tray.

Langhorne had a 4-0 lead at one stage of the tilt and later was in front, 6-3. But the Junior Warriors kept pecking at the lead and the climax came when the localities scored four times in the sixth inning.

The Junior Redskins blew up entirely in this session. Bobby Loud started the ball rolling with a single. He stole second. Stevens got a break when Lex fumbled his grounder. Stevens stole second. Seifert beat out a hit to short Stevens was declared out for interference and Loud had to go back to third.

Seifert stole second. John Corrigan hit to Moyer who threw to first but Cloak let the ball get away and two runners scored. George Ireland struck out but Bergner missed the third strike and Ireland reached first. Gillies grounded out, Corrigan scoring. Lucenti hit to Knesley, who misjudged. Ireland scoring. Brady ended the inning by flying out.

Bensalem Junior High made its league record, 3 and 2, by whipping the Pennsbury contingent, 7-2. Jack Weaver hurled for the Junior Owls with W. Bray and Powell doing the hurling for the losers. Pennsbury outlived the winners, 5-4, with Powell getting a triple with one on in the third.

PALMYRA HIGH DEFEATS BRISTOL SECOND TIME

PALMYRA, N. J., May 17—Palmyra High defeated Bristol High, 4-3, yesterday, for the second time this season. The Jersey school scored the winning run with two out in the ninth inning.

Going into the bottom half of the final session, the score was deadlocked at 3-3. Fraillore hit to Braam who fumbled. The runner stole second. Kraus lifted a fly to second. Little struck out. Thorn was walked. O'Neill hit to Braam, who again misjudged, enabling the winning run to go over the plate.

"Jimmy" Morrell pitched the nine innings for the Warriors. He allowed seven hits but was hurt by the errors of his mates. All four errors charged against Bristol aided the Jerseyites to chalk up their runs. In the sixth, a walk and a pair of singles gave the ultimate winners two runs.

Palmyra used two moundsmen. Lassiter started but went out when Bristol threatened in the seventh. He was relieved by Little who finished in fine style.

Bristol's first two markers were made on an error, hits by Frank Rich and Joe Dominick, and a hit batsman. The third and final tally was the result of Morrell getting on via an error, a walk, and sacrifice by Basco and Frank Barbetta.

VOLTZ WINS FIRST GAME OF SEASON; DEFEATS EDGELY

Voltz-Texaco won its opening game of the Bristol Suburban Baseball League, last evening, beating the Edgely A. C., 7-3, on Memorial Park field. The gasmen won despite the fact they were out-hit by the Edgely team, 7-5.

Two of the winners' five hits were a double from the bat of Fred Barbetta and triple by Tony Palumbo. Both of these extra base knocks came in the second canto and mixed with two walks accounted for four runs.

The winning peakman was "Lenny" Jones who, with the exception of the second frame, had the situation well in hand from the start. In the second, three errors, a walk, and

hits by Ralph Linck and Bob Elker, gave Edgely all their runs. Jones had eight strikeouts in the six innings he pitched and ended the game by whiffing Karl Leinheiser after Ben King and Ted Adams had smacked him for singles.

Palumbo, Charlie Kohler and Bob Elker had two hits each during the tilt.

Lineups:

Wonderful New Comfort

The Beautiful Chrysler Silver Anniversary Model

New Convenience! Easiest car ever made to get into and out of! Women enter and leave with dignity. Common sense engineering of wider doorways, and natural step-in entrances make it seem absurd ever to have to wrestle your way in and out of a car.

New Wider Chair-Height Seats! We don't fold you up like a "jackknife." You sit comfortably in seats the height of your easy chairs at home. We've more headroom, legroom, and shoulder room for you. And no other car has ever been so completely engineered from the fundamentals up for your comfort, your convenience, your peace of mind. You don't even have to press a starter button. Turn the ignition key and the engine purrs.

New Easier Steering! In one of the great advances since the war, we give you new "center control" steering. For the first time, tie rods of equal length give you balanced control. There's no wheel fight. There's greater road stability, easier handling, less road shock. Yes, and greater safety, too—for everything about this car is designed for safer driving. The new instrument cluster, in your line of vision on the steering wheel, reduces driving strain.

New Smoother Driving! Chrysler's mighty Spitfire engine now has still higher compression for faster acceleration, smoother response. And along with its better all-around performance goes an amazing new Waterproof Ignition System that's exclusive with Chrysler. You can drive through high water or play a hose on the engine but it won't stall. You get quicker starting, even in dampest weather, smoother idling, longer life. To really appreciate this fine car ask for a demonstration today!
